Objectives

The objectives of the Certification Course are:

- To acquire programming skills in core Python.
- To acquire Object Oriented Skills in Python
- To develop the skill of designing Graphical user Interfaces in Python
- To develop the ability to write database applications in Python

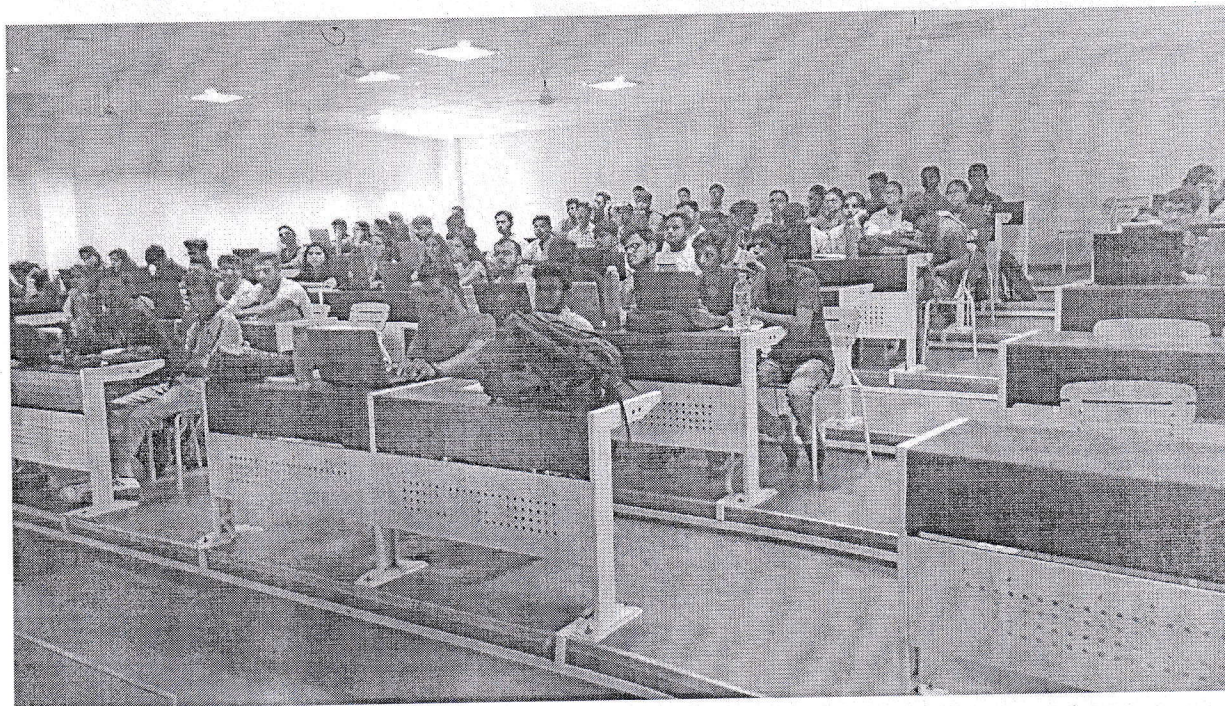

Outcomes

On completion of this course, students would be able to:

1. Explain basic principles of Python programming language
2. Implement object oriented concepts,
3. Implement database and GUI applications.

Summary:

Department of Computer Science and Engineering at Indore Institute of Science and Technology, Indore has conducted Internship on "Microsoft Technology Associate (MTA) for Introduction to Python Programming" in correspondence with "Microsoft Imagine Academy (MIA)" under On-Campus Internship Programme (OCI). The Internship Session has been inaugurated by Shri Arun S. Bhatnagar, Director General IIST and Dr. V R Raghuveer, Principal IIST. Ms. Sonali Tidke, HOD, CSE Dept briefed about the Internships going to be conducted under OCI in the Inauguration Ceremony. This Internship has been held from 24th June 2019 till 6th July 2019.

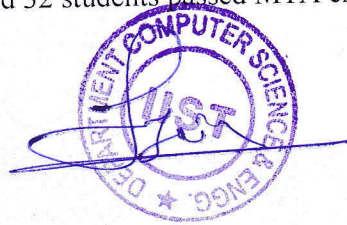

Ms. Akanksha Varghese and Ms. Shruti Jain, Assistant professor, CSE Dept were the Resource Persons who provided Internship in Two-Batches. Each Training Session has been conducted for Three Hours from 9:15AM to 12:15PM followed by a Practice Session of Three Hours from 1:00PM till 4:00PM. Under this Internship, students of Computer Science and Engineering Department has been taught MTA Certification course for Python. The topics Discussed are:

- Python Introduction
- Data Types used in Python

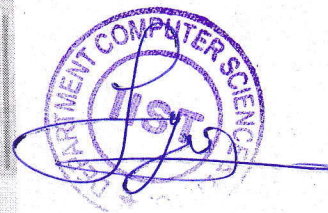

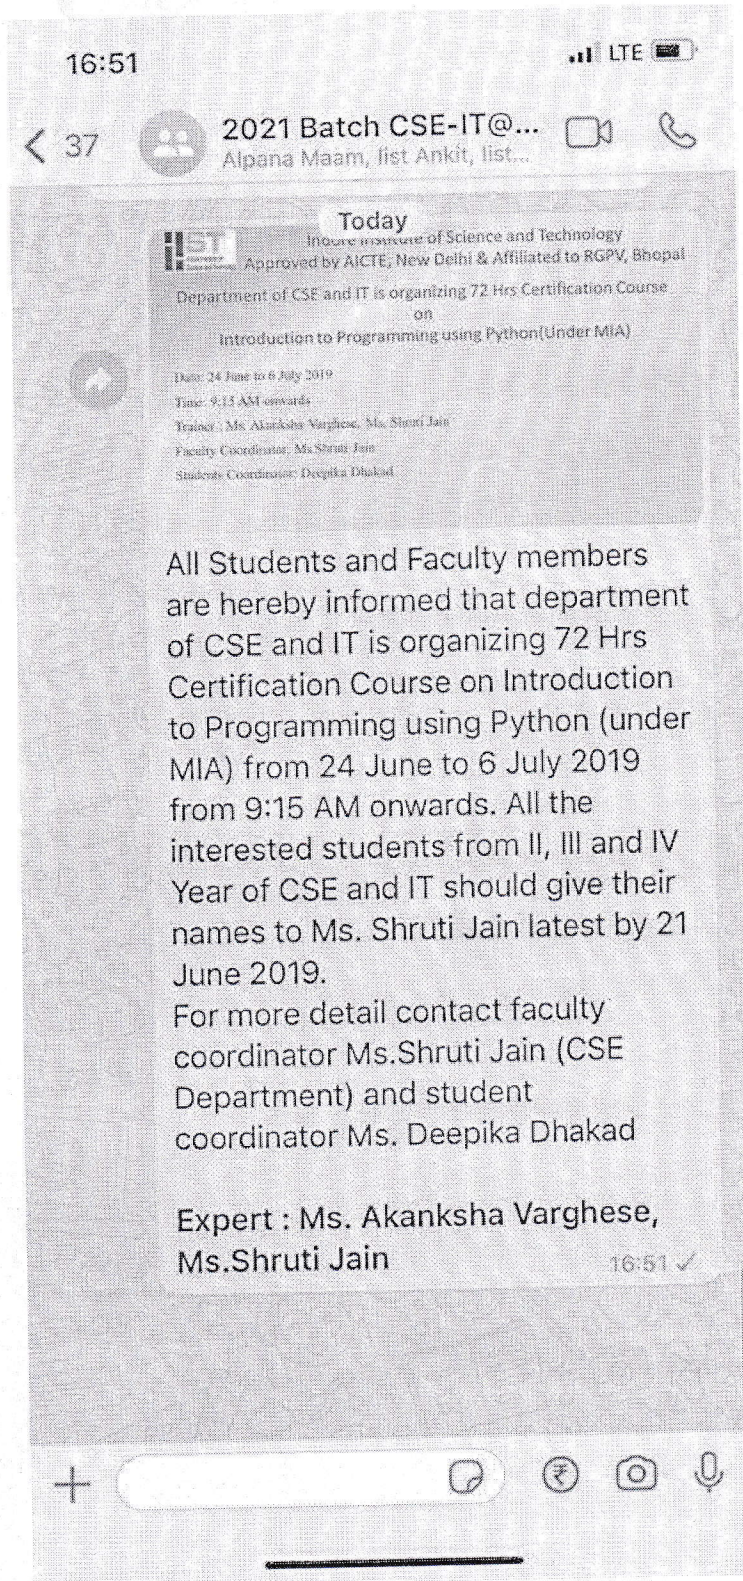

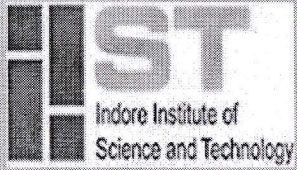

- Various Type Specific Functions/Methods
- Coding using Functions
- Operators & Conditionals
- Exception Handling
- Math and Datetime libraries
- Various Modules
- Output formatting
- File system & File Handling.

Students had intense Training for 72 Hours in total on these topics. Overall, This Internship provides great insight on Python to students and Students found this Internship helpful in their project work during upcoming semesters. Student then appeared for MTA Certification Exam. Total 86 students participated in the internship and 32 students passed MTA exam.

Department of CSE is organizing Certification Course on
Introduction to Programming using Java Script

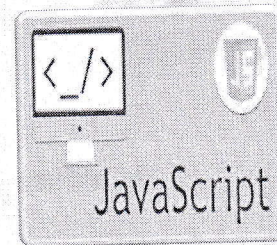

Date: 5 Aug. to 16 Aug. 2019

Time: 9:30 AM onwards

Trainer : Mr.Yash Parashar and Ms.Poorva Shukla

Faculty Coordinator: Ms.Poorva Shukla

Students Coordinator: Samarth Bajaj

Objectives

The objectives of the Certification Course are.

- To impart the basic concepts commonly used in dynamic language programming, such as introspection, higher-order functions, and closures.
- To become adept at implementing client-side interfaces through the use of the DOM, jQuery and AJAX.
- To become familiar with common libraries and tools that are used in web application development.
- Understand advanced language features such as prototypical inheritance.

Outcomes

On completion of this course, students would be able to:

- Design and implement Object classes using class diagrams, constructors, encapsulation, inheritance, and polymorphism.
- Write applications that manipulate the Document Object Model to fetch and display information using jQuery.
- Create anonymous functions and closures, and use them to store and access local data.
- Create event listeners and callbacks to respond to user-interface and network events.
- Apply the jQuery AJAX interfaces and JSON to upload data to a back-end web server, and to asynchronously retrieve and display responses.
- Test and debug JavaScript web applications.

Course Content

Course Content (Themes, Concepts, Issues and Skills)

Themes

- dynamically modifying the content of web pages
- handling user interaction
- fetching content asynchronously from a back-end web server
- uploading content to a back-end web server

Concepts

- Object-Oriented Programming
- Data-hiding Encapsulation
- Prototypal Inheritance
- Polymorphism
- Anonymous functions
- Closures and scopes
- Document Object Model (DOM)
- Cookies
- Asynchronous JavaScript and XML (AJAX)
- jQuery
- event listeners, handlers, and triggers
- jQuery event model, "on", and "trigger".
- jQuery filters and selectors.
- JavaScript Object Notation (JSON)
- Cross-site scripting (XSS)
- Cross-Origin Resource Sharing (CORS)

Skills

- Create well-designed object classes that are extensible, maintainable, and reusable
- Use jQuery and AJAX to create dynamic, interactive web sites that communicate with a back-end web server
- Test and debug complex, distributed applications with multiple technologies
- Create the front-end for a fully featured web site

Summary:

Computer Science and Engineering department of Indore Institute of Science and Technology conducted Certification Course on Introduction to Programming using JavaScript. Two eminent trainers from IIST enlightened students and gave hands-on on JavaScript.

Ms. Poorva Shukla and Mr. Yash Parashar give an introduction about the basic concepts of JavaScript and how to implement in real time applications. This event includes an introduction to Microsoft Imagine Academy Exam 98-382 and its mission is to prepare the students for Microsoft Certification exam. Also, it will include the key areas of contribution where they can contribute and what benefit they will get.

They cover so many topics like:

Introduction to JavaScript, variables, data types, operators, conditional statements, switch break statements, loops, arrays, functions, objects, document object model, constructor destructor, templates, block statements, coercion, execution context, lexical environment, variable environment, global environment, functions and execution context, forms validations and animation designing.

Total 63 Students attended the internship and will be appearing in 98-382:MTA: Introduction to Programming using JavaScript (International Certification)

Total 32 students cleared MTA certification

Approval Letter

Department of Information Technology is interested to organize 45 Hrs Certification Course on Introduction to Networking (under MIA) from 2 Jan to 10 Jan 2020 from 9:30 AM onwards.

Kindly approve for organizing the Certification Course.

HoD IT

Objectives

The objectives of the Certification Course are:

- To develop an understanding of computer networking basics.
- To develop an understanding of different components of computer networks, various protocols, modern technologies and their applications.

Outcomes

On completion of this course, students would be able to:

- Recognize the technological trends of Computer Networking.
- Discuss the key technological components of the Network.
- Evaluate the challenges in building networks and solutions to those.

Course Content

Understanding network infrastructure (30–35%)

- Understand the concepts of Internet, intranet, and extranet
 - Virtual Private Network (VPN), security zones, firewalls
- Understand local area networks (LANs)
 - Perimeter networks; addressing; reserved address ranges for local use (including local loopback IP), VLANs; wired LAN and wireless LAN
- Understand wide area networks (WANs)
 - Leased lines, dial-up, ISDN, VPN, T1, T3, E1, E3, DSL, cable modem, and more, and their characteristics (speed, availability)
- Understand wireless networking
 - Types of wireless networking standards and their characteristics (802.11a,b,g,n,ac including different GHz ranges), types of network security (WPA, WEP, 802.1X, and others), point-to-point (P2P) wireless, ad hoc networks, wireless bridging

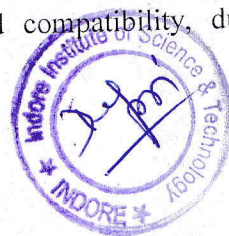

- Understand network topologies and access methods
 - Star, mesh, ring, bus, logical and physical topologies

Understanding network hardware (20–25%)

- Understand switches
 - Transmission speed, number and type of ports, number of uplinks, speed of uplinks, managed or unmanaged switches, VLAN capabilities, Layer 2 and Layer 3 switches and security options, hardware redundancy, support, backplane speed, switching types and MAC table, understand capabilities of hubs versus switches, virtual switches
- Understand routers
 - Transmission speed considerations, directly connected routes, static routing, dynamic routing (routing protocols), RIP vs. OSPF, default routes; routing table and how it selects best route(s); routing table memory, Network Address Translation (NAT), software routing in Windows Server, installing and configuring routing; Quality of Service (QoS)
- Understand media types
 - Cable types and their characteristics, including media segment length and speed; fiber optic; twisted pair shielded or unshielded; catxx cabling, wireless; susceptibility to external interference (machinery and power cables); susceptibility to electricity (lightning), susceptibility to interception

Understanding protocols and services (45–50%)

- Understand the Open Systems Interconnection (OSI) model
 - OSI model; Transmission Control Protocol (TCP) model; examples of devices, protocols, applications, and which OSI/TCP layer they belong to; TCP and User Datagram Protocol (UDP); well-known ports for most used purposes (not necessarily Internet); packets and frames
- Understand IPv4
 - Subnetting, IPconfig, why use Internet Protocol version 4 (IPv4), addressing, ipv4toipv6 tunneling protocols to ensure backward compatibility, dual IP stack,

subnetmask, gateway, ports, packets, reserved address ranges for local use (including local loopback IP)

- Understand IPv6
 - Subnetting, IPconfig, why use IPv6, addressing, ipv4toipv6 tunneling protocols to ensure backward compatibility, dual IP stack, subnetmask, gateway, ports, packets, reserved address ranges for local use (including local loopback IP)
- Understand names resolution
 - DNS, resource records, Windows Internet Name Service (WINS), steps in the name resolution process, HOSTS file, LMHOSTS file
- Understand networking services
 - Dynamic Host Configuration Protocol (DHCP), Network Address Translation (NAT), firewalls, remote access, VPN
- Understand TCP/IP
 - Tools (such as ping), tracert, pathping, Telnet, IPconfig, netstat, reserved address ranges for local use (including local loopback IP), protocols

Summary:

Information Technology department of Indore Institute of Science and Technology conducted Certification Course of 45 Hrs. on Introduction to Networking for II and III year students. This Certification course includes an introduction to Microsoft Imagine Academy Exam 98-366 and its mission is to prepare the students for Microsoft Certification exam. These sessions were taken by Ms. Dipti Rege, Ms. Kalyani Tiwari and Ms. Megha BIRTHARE. This course mainly focused upon training the students for Microsoft certifications and basic knowledge about computer hardware Assembly/Disassembly, OS installation, dual booting, Server 2012 installation & configuration, designing and troubleshooting the network and basic redhat commands. The objective of this course was to acquaint the participants with the basic principles, developments and research trends in the area of Computer Hardware & Networking. The workshop has covered the perfect combination of theory and practical sessions in the well balanced manner. This course will certainly help students to improve technical skill set and hence employability.

The experts were Ms. Dipti Rege, Ms. Kalyani Tiwari and Ms. Megha Birthare.
Total 25 Students attended the internship and will be appearing in 98-366: MTA:

Invitation to Expert

Attached

26th October, 2021

To,
Mr. Rahul Bhargava
Founder & Director,
RDot Ventures.

Sub: Invitation to deliver Expert lecture on Microsoft Skills during the Induction Program
"Abhigyata Parv-2021" for the students of our all three Institutes, on 27th October,
2021.

Dear Sir,

Greetings for the day!

1. IIST/IIP/IIMR Group of Institutions, Indore is one of the leading groups of educational institutions in MP and NCR region. The Institute established in the year (2003), offers variety of courses in Engineering, Pharmacy and Management, both at UG and PG levels. The Institute is approved by AICTE (New Delhi) and affiliated to RGPV Bhopal, PCI (New Delhi) and DAVV (Indore).
2. The Institute has tie-up with premier IITs (Delhi & Bombay) for Academic Excellence. Our Technology enabled Flipped Classroom pedagogy enhances the student engagement in the classroom and make them focused on the practical aspects of the subject. We have well-qualified faculty team, mostly with Ph.D. degree in the latest technological domains. The institute has created many dedicated Special Interest Groups (SIGs) to enable the faculty and students to work on the latest technologies in the newly established State of the art lab Infrastructure like Internet of Things (IOT), Apple iOS application development, Cloud Computing, Data Analytics, Artificial Intelligence etc.
3. We strongly believe that the core purpose of education should be the holistic development of students and to unearth the priceless treasure lying dormant in them by providing fair opportunities, space & environment to blossom the seed to its fullest potential. Education can be said conclusive if we attain twin objectives ie prepare the students to take care of his inner self as well as how to meet out the expectation of outer world. With this view we have also initiated "Know thyself & to be thyself willing to Evolve" mission wherein we not only combine the formal education with best practices but also prepare our students for better standard of living as well as better standard of life by applying academic, Interpersonal and Academia- Industry efforts to enhance IQ, EQ, SQ as well as HQ (Happiness quotient) by taking care of his inner self ie body, mind and soul.

4. Recently the group of Institution has signed MoUs with Curtin University, Malaysia and Untar University, Indonesia in order to maintain coherence with the revised National Education Policy. This collaboration will open the new avenues for faculty members as well as students of our Institutes and encourage them for quality research work with international exposure.
5. As mentioned, we are organizing an Induction Program for newly admitted students of academic year 2021-22. In this respect, we would like you to conduct a session on the latest technologies and importance of Microsoft for their career for the students of our all three Institutes IIST/IIP/IIMR. Our students will be obliged to gain such technical information from your expertise.

Thanking you,

Yours Sincerely,

Dr. Keshav Patidar
Principal,
IIST, Indore
