Academic Year –April 2022

Session: 2021-2022

Name of Event: **C&D(Code and Debug)**

Student Chapter:CodeChef and GFG IIST Chapter

Date of Event:16 April 2022

Topic:C&D(Code and Debug)

Organizing Dept.:CSE and IT

Event Coordinator: Deepak vishwakarma

Contact No.:9827375391

Email Id: deepak.Vishwakarma@indoreinstitute.com

Details of Participants:

No. of Institutes Participated	No. of Students Participated	No. of Industry Representative	Remark if any
1	50	NA	NA

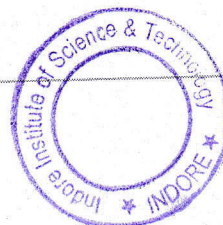

Summary Report:

Department of CSE and IT department with Codechef and GFG IIST Chapter organize a contest“ C&D(Code and Debug)” on 16 April 2022 , CodeChef was created as a platform to help programmers make it big in the world of algorithms, computer programming, and programming contests. At CodeChef work hard to revive the geek in students by hosting a programming contest at the end of the month

In CodeChef Challenge is a 2.5 hours coding contest start date Saturday, 16th April, 2022 at where you can show off your computer programming skills. The significance being - it gives you enough time to think about a problem, try different ways of attacking the problem, read the concepts etc. If you're usually slow at solving problems and have ample time at hand, this is ideal for students . they also put in a lot of efforts in getting quality problems, which would, in turn, foster your learning while solving them., further detail of event available on this link.

https://www.codechef.com/LTIME107?itm_campaign=contest_listing

Following students of IIST get price:

16TH APR.'22
SATURDAY AT 12:00 PM

CodeChef IIST Chapter
Bored of repetitive schedule & want to have something productive??
Then this is the ideal time to take up your coding swords, X put up your gears of stuffs and hit the boundaries at CodeChef Stadium!!

Codechef IIST in Collab with GFG IIST Presents
"Code & Debugg" (Intra College Coding Contest)

(Not a Competitive Contest but beginner's guide)

Where you can analyse your skills!!

Top 10 winners will get:

- ◆ Cool Goodies & Swags
- ◆ Certificate for top 10 performers
- ◆ Chance to come on poster
- ◆ Special Recognition

Here all is about observation & logics!!

HELLO 20-22!*

Today at 5:00 PM
Platform: GOOGLE MEET

Hey Coders,

Learning arbitrary coding concepts can get boring after some time. To keep your motivation up, think of all the things you've always wanted to create. Then use your newfound coding skills to make them happen. Just don't forget to start with the simplest version possible.

So, you have just tasted the real world coding contest

After the member of Code-chef Speaker Session of DSA Time and Space Complexity, Arrays, Searching etc. CodeChef and GFG IIST Chapter organize a contest on " **DSA MARATHON** " for all the year students it was started on 13 Nov 2021 at 4:00pm to 12 a.m ,around 350+ students was participated in this marathon here highlights the

1. Basics of mathematics use in coding
2. Mixed flavour questions.
3. Programming with enthusiasm and spirit.

Benefits for Geek of Geek

1. Selected candidates will be given a rewarding certificate.
2. Geek of the month can tag or credit this honor at his/her resume, email signatures, LinkedIn profile, blogs, Facebook pages, personal pages etc.
3. Paid internship opportunity at GeeksforGeeks and many more

The DSA Bootcamp is to bridge the gap between knowledge and practical implementation due to this pandemic and provide them with mentorship to enhance their skills and learn and grow with the community. We had invited all-time best speakers to give mentorship to the students and for practising the concept we had also planned to provide practice problems aligned with the concepts. (That would be provided in the Telegram group). In today's session, There would be a lecture on Mathematics and Bit Manipulation by Jyoti Bisht. Codeflow is a student-driven community to empower student communities via Open source, Content delivery, and community building. We are having the motive of Learning must go on... Which always motivates our community to learn and apply new technologies and help each other, with the sole motive of learning within the community.

After the marathon students gives some feedback of Participants of the Event:

"Contest was great we enjoyed it very much" :- Anonymous

"The questions were of mixed flavour, it was beginner friendly also":- Anonymous

"Now the basics of maths and bits are both cleared. Thankyou DSA marathon " :- Anonymous

"Learning about bits would be very easy. WOW":- Anonymous

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

After the member of Code-chef Speaker Session of DSA Time and Space Complexity, Arrays, Searching etc. CodeChef and GFG IIST Chapter organize a contest on " **DSA MARATHON** " for all the year students it was started on 13 Nov 2021 at 4:00pm to 12 a.m ,around 350+ students was participated in this marathon here highlights the

1. Basics of mathematics use in coding
2. Mixed flavour questions.
3. Programming with enthusiasm and spirit.

Benefits for Geek of Geek

1. Selected candidates will be given a rewarding certificate.
2. Geek of the month can tag or credit this honor at his/her resume, email signatures, LinkedIn profile, blogs, Facebook pages, personal pages etc.
3. Paid internship opportunity at GeeksforGeeks and many more

The DSA Bootcamp is to bridge the gap between knowledge and practical implementation due to this pandemic and provide them with mentorship to enhance their skills and learn and grow with the community. We had invited all-time best speakers to give mentorship to the students and for practising the concept we had also planned to provide practice problems aligned with the concepts. (That would be provided in the Telegram group). In today's session, There would be a lecture on Mathematics and Bit Manipulation by Jyoti Bisht. Codeflow is a student-driven community to empower student communities via Open source, Content delivery, and community building. We are having the motive of Learning must go on... Which always motivates our community to learn and apply new technologies and help each other, with the sole motive of learning within the community.

After the marathon students gives some feedback of Participants of the Event:

"Contest was great we enjoyed it very much" :- Anonymous

"The questions were of mixed flavour, it was beginner friendly also":- Anonymous

"Now the basics of maths and bits are both cleared. Thankyou DSA marathon " :- Anonymous

"Learning about bits would be very easy. WOW":- Anonymous

Contest Ranks

[Go to Contest Ranks](#)

Faculty Coordinator:

Indore Institute of Science and Technology

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

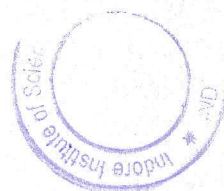

Event: DSA Marathon | Contest

Rules and Regulations:

- Please do not discuss strategy, suggestions or tips in the comments during a live contest. Posting questions clarifying the problem statement is ok. If you are unsure, email us at feedback@codechef.com.
- Discussing CodeChef's problems or any aspect of problem, on any other platform on web, on identification, could lead to disabling of respective account and banning from the community.
- Almost all languages supported on CodeChef are allowed.
- Each program will be tested based on our critical test data. However output and input should be exactly as specified in the samples provided.
- Please contact aneeshktr.amrita@gmail.com for any queries during the contest.

Judging Criteria:

- All the problems have same points allotted to them.
- Users are ranked according to the most problems solved. Ties will be broken by the total time for each user in ascending order of time.
- The total time is the sum of the time consumed for each problem solved. The time consumed for a solved problem is the time elapsed from the beginning of the contest to the submission of the first accepted run plus 20 penalty minutes for every previously rejected run for that problem (Wrong answer, Time limit exceeded, Runtime Error, Compilation Error). There is no time consumed for a problem that is not solved.
- The decision of the organizers in declaring the results will be final. No queries in this regard will be entertained.
- Any participant found to be indulging in any form of malpractice will be immediately disqualified.

Event -Activity Report

Academic Year –Jan 2022

Session: 2021-2022

Name of Event: Code-Decode(Code-chef)

Date of Event: 09 January 2022

Organizing Dept.: Computer science and Engineering with Code-Chef Chapter

Event Coordinator: Mr.Deepak Vishwakarma

Venue: Zoom(Online)

Start Time: 12:00 am Onward

Contact No.:9827375391

Email Id: deepak.Vishwakarma@indoreinstitute.com

Details of Participants:

No. of Institutes Participated	No. of Students Participated	No. of Industry Representative	Remark if any
1	100	NA	NA

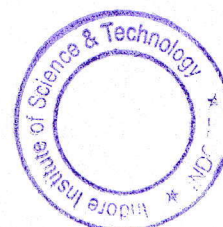

Summary Report:

Name of the Event: “Code-Decode”

Type of Audience : 1st year

No. of Attendees/Participants* : 100

Computer science and Engineering department with Code-chef organize a event on” Code-Decode” for all the 1st year students on. event was started on 9 jan 2022 :12:00 pm with the motivational speech of principal Dr Keshav patidar sir. After that Speaker Our intended outcome behind organizing Code-Decode was to make students understand the concepts of coding in a new and fun way. In this event, a quiz was conducted in which questions related to coding and logic building were asked. We aimed to make students implement the concept they already know, as many students get confused while implementing the concepts they have learnt.

Indore Institute of Science and Technology

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

Quantitatively, this event intends to make more students familiar with problem analyzing and implementing. We intended to have more participants, so they would be able to know their ability to solve problems related to the concepts they have learnt.
