Summary:

IIST presents the first generation of Google Developer Student Club. GDSC is an international community of developers backed by Google. The main motive of GDSC is to fill the gap between theory and practice and solving problems in our local community using Google technologies. The club was successfully launched on

Date: 2 Oct 2021

Platform: Zoom

Student Coordinator: Anurag Mishra and Sarika Purohit

Department: CSE

The session commenced by welcoming all the participants. Honorable DG sir addressed the audience and spoke about the importance of the club and gave best wishes to the core team. A presentation was given about Google Developer Student Club showing a brief introduction about what is GDSC and how it has helped students across the globe to overcome their barriers, then the Core team gave their introduction to the participants and then proceeded with the presentation with the perks about Google Developer Student Club informing participants about the club and the plans for the next year.

Later a game was organized for participants to refresh their minds. Once participants were relaxed the session carried on further explaining the official Timeline given by Google about the events in the upcoming year. Later participants were introduced to various Google Technologies which will be used in the events and types of domains on which the events will be based on. Mr. Himanshu Singh said that "Theoretical knowledge is different than practical ones but when both of them combine they rock." He further highlighted on the fact that performing the role of bridge between these two, the GDSC club is now among us. We are here to provide you bunch of opportunities to gain both practical and theoretical experience that can enhance your knowledge up to the mark. Here at GDSC, apart from placements, you will be able to enhance your capabilities and push them to boundaries where you had never imagined you. Every veteran was once a beginner and it is your time now to start your journey. A total of 175 participants were present in the session. The event concluded with question answer session and vote of thanks. A positive response was received from all the participants.

Objectives

The objective of the session is introducing the benefits and perks of joining Google Developer Students Club. The aims of the club are.

- Educate students on current Google technologies and help them implement it in real life for their career
- To help students gain both practical and theoretical knowledge through some hands-on sessions, projects and seminars, through Google Initiatives.
- Helps students to participate in all the Google associated events and activities

Outcomes

The student will

- Get command over one or more technologies
- Will be acquainted to the culture of community building
- Have ability to pass on the knowledge gained
- Will be competent enough to compete against the best.

Course Content

As it was an inaugural activity following were the discussion points:

Developer Student Clubs is a program with **Google Developers**. Through in-person meetups, university students are empowered to learn together and use technology to solve real life problems with local businesses and start-ups. Less than two years ago, DSC launched in parts of Asia and Africa where **90,000+** students have been trained on Google technologies; **500+** solutions built for **200+** local startups and organizations and **170+** clubs participated in our first Solution Challenge! Bridging the gap between theory and practical application, Google aims to provide student developers with the resources, opportunities and the experience necessary to be more industry ready.

Indore Institute of Science and Technology

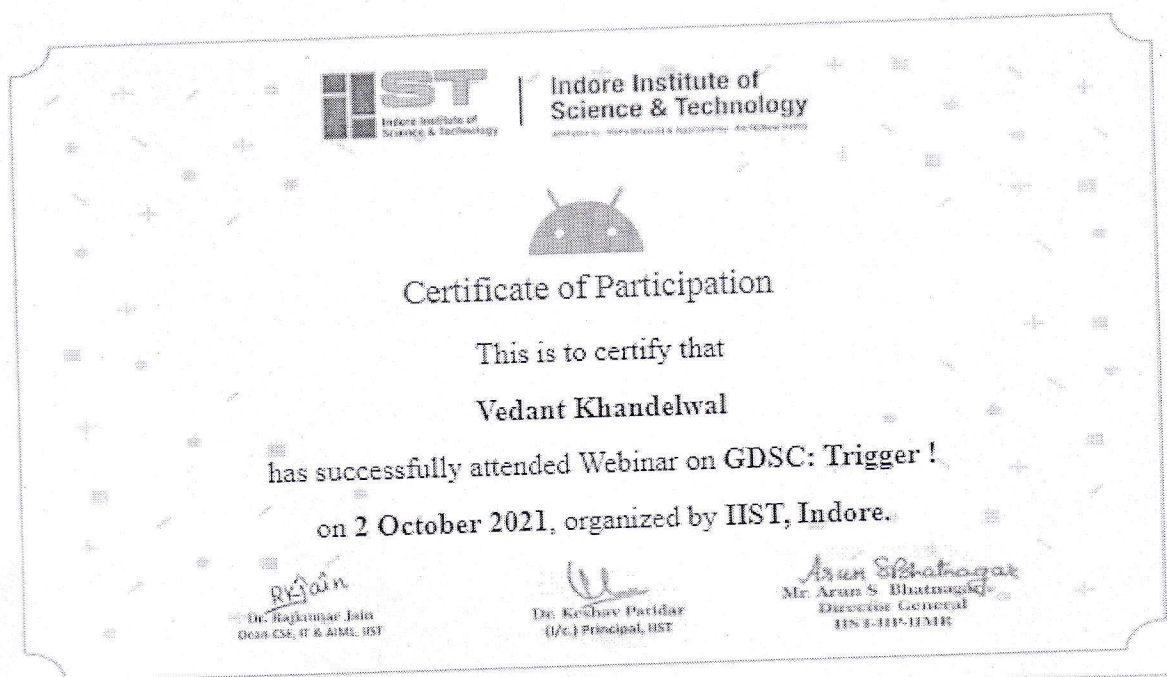

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

Benefit of being a Developer Student Club Lead are:

- Help students grow as developers
- Gain access to Google technology and platforms at no cost
- Build prototypes and solutions for local problems
- Participate in a global developer competition
- Get invitations to select Google events and conferences
- Be recognized as a collaborator with Google Developers

ORIENTATION

AN INTRODUCTION TO GDSC (For 2021 Admitted Students)

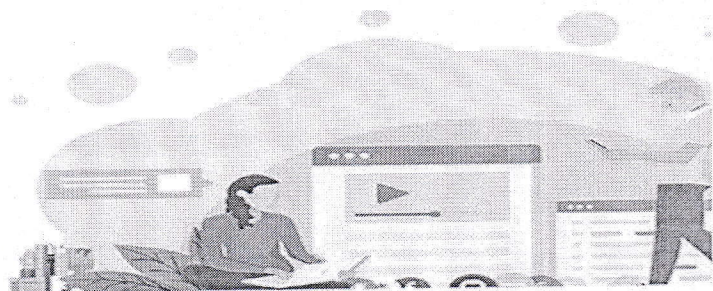

8 January 2022

12:30 Onwards

Online

Objectives

The objective of the session is introducing the benefits and perks of joining Google Developer Students Club. The aims of the club are.

- Educate students on current Google technologies and help them implement it in real life for their career
- To help students gain both practical and theoretical knowledge through some hands-on sessions, projects and seminars, through Google Initiatives.
- Helps students to participate in all the Google associated events and activities

Outcomes

The student will

- Get command over one or more technologies
- Will be acquainted to the culture of community building
- Have ability to pass on the knowledge gained
- Will be competent enough to compete against the best.

Course Content

As it was an inaugural activity following were the discussion points:

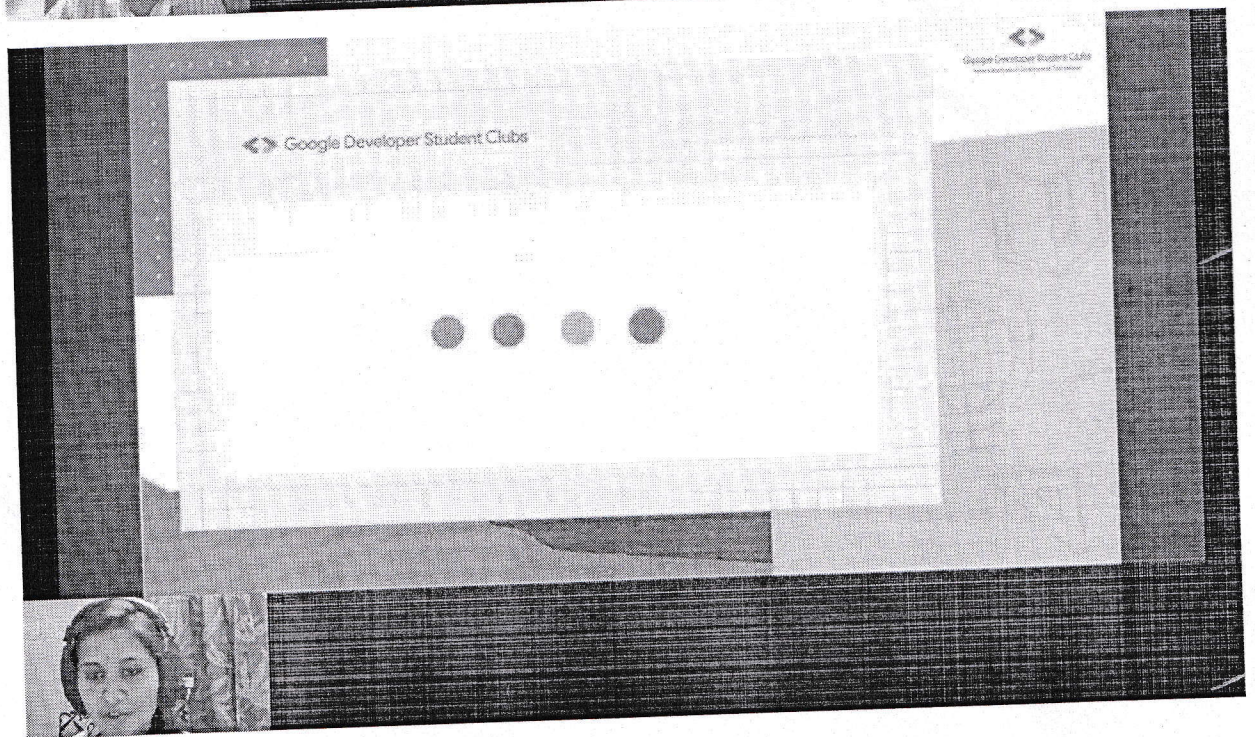

Google Developer Student Clubs (GDSC) are community groups for college and university. It is a club for students who are interested in Google developer technologies. GDSC encourages peer-to-peer learning environment and build solutions for local businesses and their community. It was established in IIST and an inaugural activity was planned on 2 Oct 2021 by GDSC club of IIST. It helps student community to learn about a range of technical topics and gain new skills through hands-on workshops, events, talks, and project-building activities - both online and in-person. It helps students grow by applying new learnings to build great solutions for local problems. Advance skills, career, and network. Let's Connect, Learn and Grow.

Benefits of Joining GDSC:

- Grow your skills as a developer with training content from Google.
- Think of your own project, then lead a team of your peers to scale it.
- Build prototypes and solutions for local problems.
- Participate in a global developer competition.
- Receive access to select Google events and conferences.
- Gain valuable experience

Activity photo

Summary:

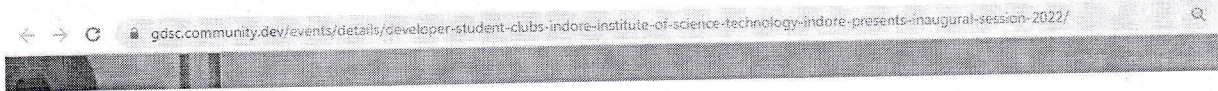

An online introductory event was organized by Google DSC IIST Chapter on 8 January 2022. This event helped the students to get a clear and precise idea about GDSC, how to participate and what it consists of. Students were also briefed about Open Source tools and their uses. Student coordinator Anurag Mishra during his address said that Google Developer Student Clubs are university based community groups for students interested in Google developer technologies. With clubs hosted in 106 countries around the world, students from undergraduate and graduate programs with an interest in leading a community are welcome. Together, students learn the latest in Android App Development, Google Cloud Platform, Flutter, and so much more. By joining a GDSC, students grow their knowledge in a peer-to-peer learning environment and put theory to practice by building solutions for local businesses and their community. Also following key highlights were discussed during the session.

As a Google Developer Student Club Lead you will have the chance to...

- Gain mentorship from Google.
- Join a global community of leaders.
- Practice by sharing your skills.
- Help students grow.
- Build solutions for real life problems.

About this event

Hello, Technicians! ☺

We hope you all are developing your skills? Isn't it...☺

Then what are you doing, it's the time to do something big. 🚀

GDSC Train ☺ is soon arriving with New year's amazing event series.

Starting off with the Inaugural Session☺.

📅 Date : 8 January, 2022

🕒 Time : 12:30 PM On wards

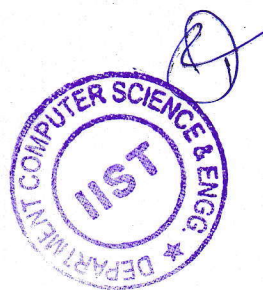

📍 Platform : Bevy Virtual

You can also become the part of this community. ☺ here at Google Developer Student Clubs ☺ you can work in various disciplines which will enhance your capabilities ☺ in every sphere, and let you showcase your talent in your respective fields. ☺

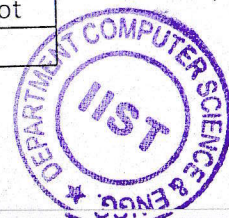

So, come join us in this Amazing Journey 🚀.

Regards,

Google Developer Student Club IIST
