Dear Sir/Madam,

As you are aware that National Programme for Technology Enhanced Learning (NPTEL) is a joint initiative from IITs and IISc to offer online courses and certification in various topics. NPTEL is conducting Advance and Basic Level courses through MOOCs (Massive Open Online Courses). A large number of Advance Level Courses with 1 credit, 2 credit and 3 credit are being offered by NPTEL. Since MOOCs of NPTEL are not full time like regular FDPs, AICTE has also made its equivalence to regular FDP which shall be considered as under.

NPTEL MOOCs will have regular assignments and in person examination at the end. Faculty has to enroll to courses on NPTEL portal, register for the certification exam(s) by filling the form and paying the applicable fees, appear at the designated exam centre and pass the exam by scoring marks according to criteria set by NPTEL. The certificate will be issued to only those participants who attend the programme and qualify in the test.

In this connection, as per the directives of Prof. Sunil Kumar, Hon'ble Vice Chancellor-RGPV, You are requested to circulate the information among the faculty of your institution to get registered for the online certification courses through the link <https://onlinecourses.nptel.ac.in/> and ensure the compliance of above directives in your institute.

Dear Mr. Deepak Vishwakarma,

Greetings from the **Developer Student Clubs (DSC)** Program Team!

This year, we witnessed unprecedented response and excitement for the DSC program – with over 500 applications from some of the brightest minds in the country vying for the position of Developer Student Club Lead. The competition was very tough – but, the students from your institution stood out impressively during the application and the interview process. We are therefore extremely excited to let you know that we have selected **Ms. Prachi Gupta** as the **Lead for the Developer Student Club** on your campus.

We would like to take this opportunity to seek your support in helping the lead plan and drive the Student Club focused on technical skills development initiatives within your campus – so that the student community can leverage the benefits of your association with this program.

To know more about the DSC Program, please visit: <http://developers.google.com/programs/dsc/>

WHAT DOES A DSC LEAD DO?

- SET UP A CLUB
 - Identify and select a core team.
- LEAD WORKSHOPS
 - This is any training activity: Study jam, Hackathons or CodeLabs; speaker session where content on developer technologies is covered.
- BUILD PROJECTS
 - This is a tested prototype of a tech based solution that is built to solve a problem faced in the community by a local organization or business.
- HOST SHOWCASES
 - This is an event where Leads share the projects the club has worked on (one or many). This can be at the university, in your city, or in partnership with other Google communities like GDG, GBG or even at DevFests!

Please feel free to contact us at: dscindia@googlegroups.com if you have any questions regarding the DSC program.

Thank you yet again for your support, and looking forward to a deeper and meaningful ongoing partnership!

Sincerely,

Komal Sandhu

Respected H.O.D Sir & Deepak Sir,

I am Anurag Mishra, a Computer Science 2023 batch student at Indore Institute of Science and Technology, Indore. Sir, I want to establish a GeeksforGeeks student chapter with the vision of uplifting the spirit of coding and development in our campus. It will not only help 1st year & 2nd-year students for enhancing programming skills but will also help final and pre-final year students in campus selection and interview preparation. I have applied for the same and as per official procedure, I require your permission to open the campus chapter.

Here are the answers to the questions you might get before giving permission:-

1) What is a GeeksforGeeks Student Chapter?

-> GeeksforGeeks student Chapters are university-based community chapters for students interested in Computer Science and who want to make their career in this field. By joining a GeeksforGeeks student Chapters, students grow their knowledge in a peer-to-peer learning environment and build effective and optimized solutions for local businesses and their community.

2) How will GeeksforGeeks student Chapters help students?

- GeeksforGeeks student Chapters will provide students with various events and webinars on coding or placements.
- Students may get Internship opportunities at GeeksforGeeks.
- Along with all this, students can get exclusive discounts on GFG courses.
- We will get an opportunity to organize your competition on a PAN India level.
- It will help students to grow a network among 145+ colleges.

3) How is it beneficial for my college?

If we have a GeeksforGeeks student Chapters on our campus, your campus will be in direct contact with GeeksforGeeks hence in the future, the college may get offers from GFG or other companies for placement drives and other available opportunities.

4) Is this a kind of promotional marketing scheme?

No, it aims at building a community in every college that can produce the best techno-crates and industry-ready professionals.

6) How will GFG support us?

- You will get expert mentors for webinars/workshop sessions through GFG.
- You will get your events sponsored by GFG.
- You can interact and seek help from experts at GFG.

7) There are many other clubs as well in my college. Why should I make a new one?

- There might be other clubs but this one will be backed by GFG, which separates it from the rest, as GeeksforGeeks is famous for placement preparation and will definitely extend the support to all the students associated with the student chapter.
- Students from CS / IT know about geeks for geeks from a very early stage.

8) Role of the Faculty Coordinator?

- The faculty advisor will be the link between the GeeksforGeeks student Chapters and the College Management.
- They will be one whom the GeeksforGeeks student Chapters will report its progress.

Along with the above-mentioned points, there are a lot of benefits of opening a GFG chapter on campus as GFG is a brand on its own and also they frequently provide goodies in events and contests for the motivation and encouragement of students.

Welcome to the Cisco Networking Academy. This agreement governs your Academy's participation in the Cisco Networking Academy.

The Networking Academy Membership Guide for Cisco Academies ("NAMOGA") describes the benefits, roles and responsibilities of Cisco Systems, Inc. or its subsidiary responsible for distribution in the country in which you are located ("Cisco") and your Academy. The NAMOGA forms part of this agreement, and will be made available to your Academy by Cisco. Your Academy should review the NAMOGA carefully before agreeing to participate in the Cisco Networking Academy. By accepting this agreement your Academy agrees to comply with the NAMOGA. As the Cisco Networking Academy evolves, changes to the NAMOGA may be appropriate. Cisco will exercise reasonable efforts to provide advance notice to your Academy of any major changes to the NAMOGA.

Cisco provides all resources, course materials, services, websites or other deliverables "as is", without warranty of any kind (as far as Cisco is permitted to do so by law). Further details are set out in the NAMOGA.

As a condition to such defense and indemnification, Cisco will provide your Academy with prompt written notice of the claim and permit your Academy to control the defense, settlement, adjustment or compromise of any such claim. Cisco may employ counsel at its own expense to assist it with respect to any such claim; provided, however, that if such counsel is necessary because of a conflict of interest of either your Academy or your Academy's counsel or because your Academy does not assume control, your Academy will bear the expense of such counsel. Cisco shall have no authority to settle any claim on behalf of your Academy.

Your term of membership in the Cisco Networking Academy is three years (36 months), commencing on the date when Cisco executes this agreement.
