1. INTRODUCTION

The institution takes a systematic approach to student development, ensuring that learners build a strong foundation in their skill set and excel in both academics and overall personal growth. The institution implements the best practices in teaching and learning with established procedures and regular assessments. Students are assessed based on their performance in qualifying examinations, mid-term exams, and assignments.

Individualized Support:

Faculty is readily available to support students through individual counseling, and remedial coaching, extra notes, and group discussions. Additionally, slow learners are encouraged to participate in internal examinations and academic activities to boost their confidence and overall development.

Enriching Advanced Learners:

The institution goes beyond the standard curriculum for advanced learners, seminar sessions, and self-directed learning opportunities. They are also encouraged to participate in experimental learning through industrial tours and visits and in innovative projects. Opportunities to compete in national/international competitions further enhance their skills and confidence.

Additional Credits:

Both slow and advanced learners can earn additional credits through MOOCs on NPTEL covering both basic and emerging trends.

Building Confidence:

The institution fosters a vibrant campus environment that promotes personal growth through various activities, including NSS, cultural programs, and sports. These activities help students develop their confidence, communication skills, and overall personality.

2. INSTITUTE REMEDIAL POLICY

Remedial Policy Document of IIST

REMEDIAL POLICY

The IQAC meeting held on 31.12.2022 resolved to formulate policy guidelines for remedial classes and the methodology to identify the beneficiaries. It was also resolved to frame special strategies for advanced learners. Accordingly, the IQAC form a draft guideline and were submitted to the governing body for perusal and approval. The guidelines after final approval are:

1. Delineate the students as advanced, average, and slow learners according to the scores of evaluation marks.
Criteria (based on percentage scores) in the evaluation:
 - 0-49 – slow learners
 - 50-85 – average
 - 85 and above advanced
2. Provide remedial classes compulsorily to all students below 50% scores or attendance less than 75% and to those students with genuine interest. Firstly, familiarise the basics of each discipline according to the syllabus for remedial courses. Secondly, give clarifications and remedial coaching for the topics in each semester to the beneficiaries.
3. Faculty prepare and distribute self-learning materials that suit the requirements of slow learners.
4. Slow learners are motivated to engage in various clubs to increase their involvement in the academic activities of the department.
5. Group assignments and projects are given to slow learners.

6. All departments are advised to keep registers separately for remedial classes.
7. Syndicate incharge will provide individual counselling to motivate the students.
8. Motivate the slow learner for basic MOOC courses registration.
9. Utilise the skills and knowledge of the advanced learners to improve the mastery and subject knowledge of the slow learners and those with genuine interest.
10. Assign Practice question (Higher order thinking level questions) on contemporary issues to advanced learners.
11. Advance learners should be encouraged to participate and present papers in Journal and conference.
12. Besides, they are to be motivated to prepare for competitive exams like NET/JRF/JAM etc.
13. Motivate the advance learner to undertake online courses in MOOC, NPTEL and Edx platforms.
14. Advanced learners are to be encouraged to participate in National and International Competitions like SIH, eYantra and along with one or two slow learners.
15. They are to be given cash awards, medals, merit certificates and other recognitions.

NOTICE

Dear Students,

Date:- 06/12/2023

As we strive for academic excellence, we understand that some of you may benefit from additional support and guidance. To address this, we are pleased to remind you about the Saturday Remedial Classes that will be held each Saturday.

Branch: - CSE/VIIth Sem

These classes are designed to provide extra assistance, clarification, and practice to help you grasp the concepts covered during the week. Our goal is to ensure that every student feels confident and capable in their studies.

Whether you are facing challenges in a particular subject or simply want to reinforce your understanding, these sessions are open to all. Our dedicated teachers will be there to answer your questions, provide additional examples, and offer any necessary support to enhance your learning experience.

Branch: - CSE/7th Sem

Date: - Every Saturday

Location: - Room Number 24

19. EMERGING COURSES: LEARNING COURSES, TRAININGS, COMPETITIVE PROGRAMS AND SIGs

a. Skill Improvement Groups

Internet of Things: The purpose is to train students for industry-level projects on IoT by: Organizing workshops/seminars/training/weekend activities for the students. IoT SIG facilitates all the required equipment for practicing on different modules. These SIG Modules will help students solve real-world problems and will encourage them to participate in various competitions across the country.

iOS: The purpose of iOS SIG is to make students develop iOS Applications. With the amount of iPhones in the market, the need for iOS Apps also increases therefore this is the right platform for Students who want to build their careers in Mobile app development as individual with their Creative ideas.

b. Certification Courses

Department of Computer Science and Engineering			
Semester	Certification Programs under SIG	Description	Outcome (Certificate/ Project etc)
I Sem	Logic Building & Basic Programming using C language	Able to Solve Programming Problems easy to the average level	Preparation for earning Certificate
II Sem	Programming Basics using C/C++ Language	Able to Solve Programming Problems average to hard level	Earn Certificate
III Sem	Data Structures ALGOLUTION: Foundation of Data Structures and Algorithms	Data Structure Concept for Placements and Competitive Programming	Preparation for competitive Programming
	Object Oriented Concept using JAVA	OOP Concept helpful for Placements and implementation of Data Structure	Earn Certificate
IV Sem	Data Structures Algolution – Algorithmic Pinnacle – Navigating Complexity:	Able to Understand and Apply Data Structure Concept	Preparation for competitive Programming
V Sem	Algorithm Design Algolution – Evolution of Coding through Algorithms	Algorithm Design & Application of DS	CODE VITA
	JAVA FULL STACK web development + project (Including HTML, CSS, XML and SQL)	End-to-end web development	Project
VI Sem	AWS (CCP)	Cloud-certified practitioner course (Short Term SIG)	Specialization/certification
	CISCO	Networking course from CISCO (Short Term SIG)	

Principal

Indore Institute of Science and Technology, Indore

	SQL	Database Handling (Short Term SIG)	Project
	Competitive Coding	Algorithm design & Application of DS	CODE VITA
VII Sem	Skill up Crash Course for Placements	Brushing up all the important subjects for Placements including Apti	Placement Preparation Specific and General
	Spring, Hibernate MEAN or MERN Stack, MOOC Course : EDX, COURSERA, NPTEL	Sharping and Specialization in at least one domain	Earn Placement
VIII Sem	Skill up Crash Course for Placements	Brushing up all the important subjects for Placements including Apti	Placement Preparation Specific and General
	MOOC Course	Sharping and Specialization in at least one domain	Earn Placement and certification
