Subject: Proposal for Proteus VSM Faculty Training

1. This request is to approve a faculty training session on circuit simulation, PCB design, and IoT Builder using Proteus VSM. The session will be conducted online by Proteus-Cyber Motion on Saturday, February 09, 2024.
2. The purpose of the training is to provide hands-on practice and explore new methods in project development for all the faculties of IIST Indore. This training presents an excellent opportunity for our faculty to enhance their skills and contribute to the growth and development of our institution.

This is to inform you that the Electronics and Communication Department of IIST Indore is going to organize a webinar on the topic "Proteus VSM Demo Session" in collaboration with Cybermotion Technologies on 09/02/2024 at 2 PM. The purpose of this webinar is to demonstrate the Proteus VSM. We cordially invite you to participate in this event and witness the demonstration of the Proteus VSM. We are grateful for your attention and support.

The webinar will be conducted via Zoom Meeting.

Webinar on "Proteus VSM Demo Session"

Department of Electronics and Telecommunication IIST Indore organized a webinar on "Proteus VSM Demo Session" on 09/02/2024. Mr. Tilokesh Mallick (Chief Technology Officer, Cybermotion Technologies) was the resource person of the program.

Ms. Sneha Nagar (Coordinator of Event) conducted the program.

A brief Introduction of Mr. Tilokesh Mallick was given by Ms. Sneha Nagar, Mr. Tilokesh Mallick (Chief Technology Officer, Cybermotion Technologies) and the Team delivered the lecture on "Proteus VSM Demo Session". He discussed the Simulators available in Proteus and the PCB designing process in it. The program was followed by the speech of Dr Ankit Saxena (HoD, EC Dept).

A vote of Thanks was given by Ms. Sneha Nagar. In this program About 12 Faculty members were present. The name of the participants is as follows:

1. Dr. Keshav Patidar
2. Dr. Ankit Saxena
3. Mr Ankit Jain
4. Mr. Ashutosh Kashiv
5. Dr. Mukesh Patidar

Webinar on "Proteus VSM Software Demo Session"

Date: 09/02/24 Time: 2:00 P.M Location: Zoom(Online)

Agenda:

1. Introduction to Proteus Software
2. Features and Capabilities
3. Demonstration of Key Functionalities
4. Questions and Answers
5. Next Steps and Action Items

Meeting Summary:

1. **Opening Remarks:**
 - o The meeting was called to order at 2:00 A.M by the Cybermotion team.
 - o Welcome and introductions were made for all attendees.
2. **Introduction to Proteus Software:**
 - o Mr.Tilokesh provided an overview of Proteus Software, emphasizing its significance in industry/education.
3. **Features and Capabilities:**
 - o Navya from the cybermotion team highlighted key features and capabilities of Proteus Software, including PCB Design, Simulation & other capabilities.
4. **Demonstration of Key Functionalities:**
 - o A live demonstration was conducted by Cybermotion Team, showcasing essential functionalities such as Simulation & interfacing of different microcontrollers with various components.
 - o Attendees were encouraged to ask questions during the demonstration.
5. **Questions and Answers:**
 - o Attendees posed questions regarding various aspects of the software.
 - o The Cybermotion Team addressed each question and provided clarification as needed.
6. **Next Steps and Action Items:**
 - o We outlined the next steps, including details about the trial, implementation, or further discussions.
 - o Action items were assigned for follow-up.
7. **Closing Remarks:**
 - o Dr.Ankit Saxena thanked all attendees for their participation and valuable contributions.
 - o The meeting was adjourned at 3:00 P.M.

Subject: Invitation to Participate in the e-Yantra Lab Setup Initiative Hackathon
To: <ankit.jain@indoreinstitute.com>

Respected Sir/Madam,

e-Yantra is well known for teaching Embedded Systems and Robotics through workshops and competitions. We launched our Lab-in-a-Box Resources Website previous year in order to inspire and empower students of eLSI colleges, making embedded systems more accessible and exciting than ever.

We are organising a three-week hackathon aimed at automating aspects of the e-Yantra lab setup. The hackathon presents an excellent opportunity for your students to apply their skills and knowledge in robotics and embedded systems to solve real-world challenges.

Teams composed of students and teachers from a college will have the chance to collaborate, innovate, and develop projects that automate certain processes within your e-Yantra lab.

Here's what the college teams need to do for the hackathon:

1. Identify an area within your e-Yantra Lab that can be automated.
2. Formulate this as your problem statement and commence building your project by making use of the components available in the Lab.
3. Submit the video link demonstrating the implementation of your project before **16th March 2024**.

The overarching theme of this hackathon is **"Automate Your e-Yantra Lab"** and the deadline for project submissions is **16th March 2024, 11:59 PM**.

Requirements:

1. **"Automate Your e-Yantra Lab"** can simply involve controlling the electrical appliances in your e-Yantra Lab to switch on or off based on the presence of someone. This serves as an example problem statement; you are required to add your own innovation and creativity to make your project stand out.
2. The project can be a prototype, but it must be usable in your e-Yantra lab.
3. It should be a **mandatory hardware project**.
4. Team can design an app/web application for any project dependencies (like user interaction, view statistical information) - this is optional.

Project submissions must be made by the college's teacher coordinator by filling google form [Google Form LINK] with the video link and project directory zip file drive link. Refer this link for instruction of recording video.

Respected Sir/Madam,

Greetings from e-Yantra!

Thank you for participating in the eLSI Hackathon: Automate your lab. Since this hackathon, teachers and students from eLSI colleges have started automating their labs and creating innovative projects. We have created a Lab-in-a-Box Resources Website where we have curated various experiments for the components present in your e-Yantra labs: <https://elsi.e-yantra.org/lab-in-a-box-resources>, making embedded systems more accessible and exciting than ever.

If you create any extra experiments not present on the website or if you create any projects using the experiments from the website, kindly send us the following to support@e-yantra.org:

1. Project directory
2. Video link of the project
3. Documents specifying the problem statement

Note: As promised, e-Yantra will be sending certificates and goodies to the team members. For this purpose, please provide us with your details by filling out the following form: <https://forms.gle/ebinFhtYaNRhoEtn9>
The deadline for filling out the form is 22nd April 2024, 02:00 PM. All the certificates and goodies will be sent at the college address.
If your team members have not received the email, kindly share it with them; otherwise, we won't be able to share the certificate and goodies to them after the deadline has passed.

We also value your feedback, so if you encounter any issues with the website, please don't hesitate to reach out to us at support@e-yantra.org.

e-Yantra Lab Setup Initiative - Hackathon

Each team creates a video titled Final Video for eLSI Hackathon 2023-24. This video comprises two parts: "Introduction Part" and "Demonstration Part".

IMPORTANT: The purpose of the "Introduction Part" is to introduce the team and for us to understand your teams' idea. The purpose of the "Demonstration Part" is for us to evaluate your solution.

Introduction Part

The video should start with a brief introduction. Please follow the instructions below:

- Opening screen of the video should show the College name and Team members' names and should remain for **3-5 seconds**.
- This should be followed by an introduction limited to a maximum of **TWO minutes**:
 - A short introduction by each team member where they can mention their names and department in the college. **(30 seconds)**
 - A maximum **30 seconds** introduction by the teacher team leader highlighting any interesting aspect of the project.
 - A maximum **60 seconds** description highlighting the benefits of having an eLSI lab in their college.

NOTE: Both video and audio should be clearly visible and audible for all the team members.

Demonstration part

- Try to keep the Demonstration part to be a one-shot continuous video.
- Team should add a countdown video at the start of the Demonstration Part. You may use the following youtube video: [Countdown Video](#) for countdown.
- During the Demonstration Part, you can add a pre-recorded voice-over/narration. This would ensure that you show your originality and highlight your hard-work and also the video does not sound bland.

A nice and clear narration would get your point across to the technical team.

This should be a natural dialogue flow which will ensure that the viewers are in sync with what is happening in the project video.

General Instructions:

- The team needs to ensure that the video flow and edit is crisp.

Respected Sir/Madam,

Greetings from e-Yantra!

We are pleased to announce the e-Yantra Lab Setup initiative's lab ranking system and we're proud to announce that your college has been classified as a **Grade A Institution**, ranking among the top 17 colleges.

The ranking system will help us engage better with the labs set up under the e-Yantra Lab Setup initiative. The system is designed to encourage healthy competition among the labs and recognize the efforts of the labs that excel in different e-Yantra parameters. The parameters for ranking the labs are (Workshop | Principal's Meet | Regional Finals, e-Yantra Robotics Competition, e-Yantra Innovation Challenge, Task Based Training/ Embedded System MOOC, e-Yantra Farm Setup Initiative, e-Yantra Resource Development Center, e-Yantra Farm Setup Initiative).

To learn more about the lab ranking system, please visit this link. Additionally, we have also published the list of the current top 17 labs on the same website.

We believe that the ranking system will motivate the labs to improve their performance and provide better learning opportunities for the students. It will also help us identify the best practices and share them with other labs to promote excellence in the field of robotics and automation.

We look forward to your participation in the lab ranking system and wish you all the best for your efforts towards creating an excellent learning ecosystem for the students.

Please fill out the following form to help us understand your views: <https://forms.gle/Vqj9QVaL4rVq8pb67>

Feel free to contact us on support@e-yantra.org or call us at 022-2576-4886 in case of any query.

e-Yantra Lab Ranking

Why Lab Ranking?

- Measure as well as increase the "Josh" on e-Yantra Campuses.
- Colleges gain recognition as a leading engineering college with an official e-Yantra Lab ranking.
- Motivate labs to actively participate in e-Yantra initiatives and strive for continuous improvement.
- Foster a sense of community among e-Yantra labs, facilitating networking and collaboration opportunities.

By ranking the e-Yantra labs, it allows for benchmarking and sharing best practices among participating institutions, motivating them to strive for excellence and achieve higher levels of success in their endeavors.

Principal

eYantra IIT Bombay

*Please take note that this system has been designed using data collected from 2017 until April 2024. The data encompasses college participation in various e-Yantra initiatives. If you have any concerns, please contact us by sending an email to support@iist.ac.in

- **Metrics and Weights**
Here are the various metrics considered for ranking:

1. TBT/MOOC: Performance of students and teachers in Task Based Training/ Embedded System MOOC
2. eYRC: Performance of students in e-Yantra Robotics Competition (each level contributing to certain weightage)
3. eFSI: Installation of e-Yantra Farm Setup Initiative
4. eYRDC: Faculty participation for e-Yantra Resource Development Center
5. eYIC: Performance of students in e-Yantra Innovation Challenge (each level contributing to certain weightage)
6. WS, PM and RF: If college has hosted any of the following: Workshop, Principal's Meet or Regional Finals

The chart below illustrates the weights assigned to each metric:

| Metric | Weightage (%) |
|---------------|---------------|
| WS, PM and RF | 15.0% |
| TBT/MOOC | 10.0% |
| eYRC | 35.0% |
| eYIC | 30.0% |
| eYRDC | 5.0% |
| eFSI | 5.0% |

Seminar Content:

There are several ways to build a blockchain network. They can be public, private, permissioned, or built by a consortium.

Public blockchain networks

A public blockchain is one that anyone can join and participate in, such as Bitcoin. Drawbacks might include the substantial computational power that is required, little or no privacy for transactions, and weak security. These are important considerations for enterprise use cases of blockchain.

Private blockchain networks

A private blockchain network, similar to a public blockchain network, is a decentralized peer-to-peer network. However, one organization governs the network, controlling who is allowed to participate, run a consensus protocol and maintain the shared ledger. Depending on the use case, this can significantly boost trust and confidence between participants. A private blockchain can be run behind a corporate firewall and even be hosted on premises.

Permissioned blockchain networks

Businesses who set up a private blockchain will generally set up a permissioned blockchain network. It is important to note that public blockchain networks can also be permissioned. This places restrictions on who is allowed to participate in the network and in what transactions. Participants need to obtain an invitation or permission to join.

Consortium blockchains

Multiple organizations can share the responsibilities of maintaining a blockchain. These preselected organizations determine who submit transactions or access the data. A consortium blockchain is ideal for business when all participants need to be permissioned and have a shared responsibility for the blockchain.

Risk management systems for blockchain networks

When building an enterprise blockchain application, it's important to have a comprehensive security strategy that uses cybersecurity frameworks, assurance services, and best practices to reduce risks against attacks and fraud.

SUMMARY –
Swami Vivekananda Jayanti, celebrated on 12th Jan 2024 at Indore Institute of Science and Technology, was a day dedicated to honoring the teachings and philosophy of Swami Vivekananda. The event aimed to inspire and motivate students by reflecting on the life and principles of this great spiritual leader.

Event Highlights:
The day commenced with a soulful prayer to invoke Swami Vivekananda's blessings, setting the tone for the event. Student and faculty members gathered to pay homage to the iconic spiritual leader. One of the significant highlights of the event was the special online session conducted by Daji. Daji is a renowned spiritual leader and a prominent figure in promoting values and spirituality among the youth.

Session by Daji:
Daji's session began with a profound tribute to Swami Vivekananda and his teachings. He emphasized the relevance of Swamiji's philosophy in the contemporary world and its importance in shaping the character and values of the youth. The interactive session touched upon various aspects of Swami Vivekananda's life. Daji drew parallels between Swamiji's principles, and the challenges faced by today's youth, encouraging students to adopt a holistic approach to life. Daji shared insightful anecdotes and practical tips on how to integrate spirituality into daily life, emphasizing the importance of self-discipline, perseverance, and compassion. The session

Summary

On 5th June, 2024, an Environment Day event was organized with the participation of more than 140 students, faculty & staff at Indore Institute of Science & Technology. The theme of the event was **"Land restoration, decertification & drought resilience"** and it aimed to raise awareness about environmental issues, promote sustainable practices, and encourage students to take an active role in protecting the environment by reducing and avoiding the use of plastic.

Event Highlights:

Awareness Session & Pledge Taking Ceremony:

Indore Institute of Science and Technology celebrated World Environment Day in line with AICTE Directives. The event began with an informative session by Shri Yogesh Kumar Yadav, Forest Range officer Ralamandal wildlife sanctuary. He addressed our faculty members, staff along with youth of today our students, highlighting the significance of World Environment Day and the pressing environmental challenges faced globally. Students were educated about the importance of conservation, sustainable development, and the role they can play in making a plastic free environment.

As a highlight of the event, a pledge taking ceremony was conducted where all the participants took oath for conservation of Natural resources, biodiversity and wildlife and pledged to minimize the use of plastic especially single use plastic by adopting the old customs of our country in their daily lives, reduce their carbon footprint, conserve natural resources, promote environmental awareness, and actively participated in environmental initiatives.

Tree Plantation Drive: Finally, to demonstrate their commitment towards environmental conservation, a tree plantation drive was organized as part of the event. Such initiatives play a vital

Summary

Meditation, a practice rooted in ancient traditions, has gained significant attention in recent years for its potential benefits in various aspects of life, including academic performance and overall well-being.

On the Day -1 Shri Arun S Bhatnagar addressed the students. The academic journey often involves facing setbacks and challenges. Meditation helps students build mental resilience, enabling them to bounce back from failures, stay focused on goals, and maintain a positive mindset in the face of adversity. Incorporating meditation into the lives of students can be a transformative practice, offering a range of benefits that extend beyond the academic realm. By cultivating mindfulness, managing stress, and promoting overall well-being, meditation becomes a powerful tool for students to navigate the challenges of education and personal growth. As educational institutions increasingly recognize the importance of holistic development, integrating meditation practices into curricula and extracurricular activities could contribute to creating a more balanced and resilient student community.

The second day Dr. Aradhana Chouksey threw light on the topic "SILENCE is the language of Heart." Silence helps individuals with a strong sense of focus thinking which leads them to set better position and achieve life goals successfully. The importance of silence and self-discipline cannot be overstated in the pursuit of a well-rounded and fulfilling life. These qualities not only contribute to mental well-being but also serve as catalysts for personal and professional success. As individuals embrace the principles of peace and self-discipline, they lay the foundation for a resilient and purposeful existence, capable of overcoming challenges and realizing their fullest potential.

Third day's session is delivered by Dr. Yamini Karmarkar, Professor IIPS DAVV and certified trainer from Heartfulness organization on the subject "Evolution of Consciousness." Meditation is a potent tool for stress reduction, helping individuals manage the pressures of the workplace and

preventing the spill-over of work-related stress into personal life. The practice of meditation cultivates a sense of inner peace, creating a mental space that facilitates the separation of work and personal responsibilities, Mindfulness and Focus. These attributes lead to the evolution of a person to become a better version of oneself.

Event Report for Build With AI Workshop

Date: (19/04/2024)

Venue: Computer Center (A-Block), IIST Indore

Organized by: GDSC IIST in collaboration with GDG Indore

Speaker: Mr. Adeen Shukla

Special Guest: Mr. Udit Sen

Facilitator: Adityayardhan Jain

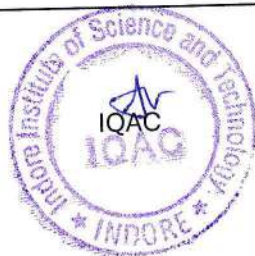

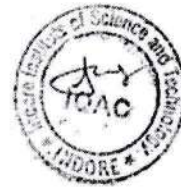

Introduction:

The event, "Build with AI" on topic "Unlocking Gemini's Multimodal Potential" provided an insightful overview of what Generative AI is, and how it can be implemented, and introduced the prerequisites and the trends. The event aimed to inspire and educate students about the opportunities and resources the world of Generative AI offers to aspiring developers.

Topics Covered:

- What is Gen AI?
- What is Vertex AI
- Gemini for Developers
- Google Cloud and APIs
- Using Gemini models
- Building a Chatbot using Mistral
- Integration with a software
- QNA

Speaker:

Principal
Indore Institute of Science
and Technology, Indore

Mr. Adeen Shukla, the speaker of the event, Engineering Team Lead at Metafic and a Mobile Applications Developer shared valuable insights into the world of Gen AI, the importance of this new technology and student communities like GDSC, and the opportunities they offer for personal and professional growth.

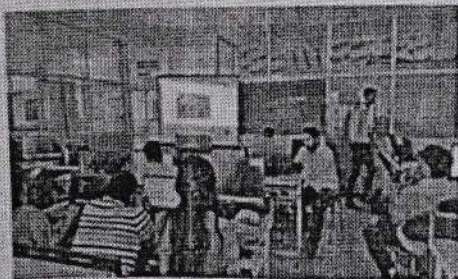

Conclusion:

In conclusion, the "BWAI" workshop served as a valuable starting point for students interested in the technology and its development. It highlighted the structure and functions of Gen AI, introduced the various types and skills involved, and provided valuable insights from the speaker, the guest and GDG representative Mr. Sen. This event undoubtedly motivated students to start working on Generative AI and take advantage of the opportunities it offers.

Date: (20/04/2024)

Respected you have been facing the challenge of finding the right placement opportunities for your students. In response to this, we have started "Rajya Ganitha Prasthanga Vidyanishchala-Internshala Program". Every student will get a free account on Internshala which they can start applying to over 1000 opportunities here on Internshala platform. Under this program all the students of IIST will receive a link from Internshala on the registered email to which they have to activate it. After activating that link they can avail all the benefits offered by Internshala to the students of IIST.

All students are advised to activate the account at Internshala and fill all the entries.

GEEK FOR GEEK CLUB EVENT REPORT

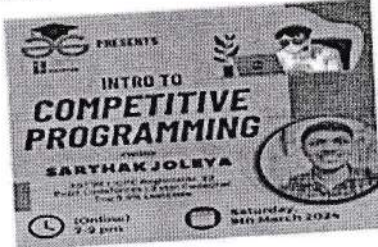

Academic Year: 2023-24
Duration: March 2024

SUMMARY

An online coding event "INTRO TO COMPETATIVE PROGRAMMING" was conducted by the Geek For Geek IIST chapter on 09th March, 2024 (Saturday). 52 students participated in the event. It was a 2hr online session. The participants were introduced to the platform at first, about its interface and the rules and regulations that the platform imposes. The session was done to make participants aware about the coding and also about basic of programming.

After introducing the platform to the participants, the contest started and the participants were given a set of problems to be solved within the provided time span.

Summary of Chemical Engineering

Indore Institute of Science & Technology, Indore
Department of Chemical Engineering

Event Summary

Department of Chemical Engineering has successfully conducted An expert lecture for third year and final year students on the topic **Advance technologies in waste water treatment** on 23/02/24 under ICHE. The expert was Mr. Faizan Mansuri, Territory Manager, Aquatech System Pvt. Ltd. and the overall coordinator was Ms. Farhin Khan. The expert highlighted the key processes and challenges, the importance of primary, secondary, and tertiary treatments in removing contaminants and protecting public health. Advanced technologies like membrane filtration and anaerobic digesters were discussed for their efficiency and energy recovery potential. Emerging issues such as pharmaceuticals and microplastics in wastewater were noted as growing concerns. Case studies demonstrated treatment applications in urban, industrial, and rural settings. The lecture emphasized future directions, including integrated water resource management, smart water networks, and the importance of public education in achieving sustainable wastewater management.

EVENT SUMMARY

An expert lecture on Transient Heat Transfer Phenomenon was organized by Department of Mechanical Engineering on 27/05/2024 11 am onwards. The topic for the expert lecture was Transient Heat transfer phenomenon. The expert for the session was Mr. Namit Shah, Mechanical Engineer, Manish Shah & Associates Indore.

The session started with the floral welcome of the guest. Dr. Keshav Patidar, Principal, IIST brief the students on the applications of heat transfer phenomenon in various sectors of Engineering. After this Mr. Shah started the session by introduction to heat, heat transfer, heat flux and heat transfer modes.

He thoroughly explained the Transient heat transfer phenomenon in various applications of Engineering. The mathematical aspects of heat transfer phenomenon and governing equations like Fouriers law, Stephen boltzman law and Newtons law. Each and every law was discussed and all the expressions were also derived. After this he went on to cover the engineering processes in which the heat transfer phenomenon occurs.

The students got benefited in the form of gaining the knowledge on Heat transfer phenomenon.

At the end of the session Mr. Shah answered all the queries asked by the students. The Vote of thanks was given by Mr. Vipin Patel.

Certificate Course on "Drone Development"

Department of Electronics and Communication Engineering Successfully complete Certificate course on Drone Development from 18th to 22nd March, 2024 and 80 students successfully participate in the Certification programme. This programme introduces students to the amazing world of Drone system and its fascinating applications. Through this programme, students can build an Drone system device that can form the basis for smart buildings, smart irrigation systems, smart water monitoring. They can also learn how to write programs, and relate the sensed data, and use Cloud computing basis concepts with system.

Course Objective
Quadcopter (from Quad "four" and Copter "helicopter") is an aerial robot combining a simple propeller mechanism with powerful electronics for limitless real-world applications. It is an embedded system comprising of microcontrollers, sensors, flight gear and other integrated components.

Course Outline

- Build and Test your own Quadcopter
- Introduction to design and development of Multi Rotor Vehicles
- Understanding the Electronics circuitry involved in Quadrotor
- Learn about Stability and Control of Drones
- Learn about the working of sensors like Accelerometer and Gyroscopes
- Hands-on experience on DC motors, ESCs (Electronic Speed Controllers) and Quadcopter Embedded control board

Dear Mr. Deepak Vishwakarma,

Greetings from the Developer Student Clubs (DSC) Program Team!

This year, we witnessed unprecedented response and excitement for the DSC program – with over 500 applications from some of the brightest minds in the country vying for the position of Developer Student Club Lead. The competition was very tough – but, the students from your institution stood out impressively during the application and the interview process. We are therefore extremely excited to let you know that we have selected Ms. Prachi Gupta as the Lead for the Developer Student Club on your campus.

We would like to take this opportunity to seek your support in helping the lead plan and drive the Student Club focused on technical skills development initiatives within your campus – so that the student community can leverage the benefits of your association with this program.

To know more about the DSC Program, please visit: <http://developers.google.com/programs/dsc/>

WHAT DOES A DSC LEAD DO?

- SET UP A CLUB
 - Identify and select a core team.
- LEAD WORKSHOPS
 - This is any training activity. Study Jam, Hackathons or Coolest; speaker session where content on developer technologies is covered.
- BUILD PROJECTS
 - This is a tested prototype of a tech based solution that is built to solve a problem faced in the community by a local organization or business.
- HOST SHOWCASES
 - This is an event where Leads share the projects the club has worked on (one or many). This can be at the University, in your city, or in partnership with other Google communities like GDG, ODG or even at DevFest!

Please feel free to contact us at: dsclead@googlegroups.com if you have any questions regarding the DSC program.

Thank you yet again for your support, and looking forward to a deeper and meaningful ongoing partnership!

Sincerely,

Komal Sandhu

Dear Team CodeChef IIST Chapter,
Hope you're in good health!
I am Hemanshu Malhotra, your Community Manager, and we will be going forward together from here, building hearts and making your journey as a CodeChef College Chapter, even better! We'll be catching up more in the coming days as I'll be your go-to person for anything CodeChef :)

Now before we proceed, let me give you a quick update on what next. From here on, all the chapters are divided into 2 different zones to receive dedicated support from the CodeChef team. Your team is going to be a part of the Zone 3 where I will be your CCM and have a few things to do to get yourself added to the zonal communication channel:

- Go to this link and read to the message with the number 3. You will be automatically added to our zonal channel. (P.S.: Avoid joining other zonal zones :))
- If you haven't done already, please change your nickname for the server in the format: "[Your First Name] | [Your College Short Form]"
For e.g.: Hemanshu | IIST
For more information on how to change your nickname, check the Discord link here.

Let me know if you have any questions or queries and I will be happy to address them.

Until then,

Letter of Appreciation

To,
The Principal,
Indore Institute of Science and Technology, Madhya Pradesh

This letter expresses our sincere appreciation for the involvement of your college *Indore Institute of Science and Technology, Madhya Pradesh* in the e-Yantra Lab Setup Initiative. It has been a pleasure being associated with your college and seeing the impact this initiative has had on your college, teachers and students.

On behalf of e-Yantra, we would like to express our heartfelt appreciation to your institution for your outstanding participation in the e-Yantra Lab activities and submitting a Poster regarding the same for *e-Yantra Symposium 2023*. Your college's teachers as well as student's dedication and hard work have led to your selection as one of the *top 3 best presentations* of your college's e-Yantra Lab activities in *e-Yantra Symposium 2023*.

We believe that your institution's participation in the e-Yantra Lab activities will serve as a benchmark for other colleges and inspire them to participate in this nation building initiative. We hope that your college's teachers and students will continue to display the same level of dedication and passion in future.

Once again, congratulations on your remarkable achievement, and we look forward to continuing to work together to inspire and empower the next generation of innovators.

National Program Technology Enhanced Learning (NPTEL)

MEMORANDUM OF UNDERSTANDING BETWEEN ALL INDIA COUNCIL FOR TECHNICAL EDUCATION (AICTE) AND National Program Technology Enhanced Learning (NPTEL)

This Memorandum of Understanding (MoU) executed on this 3rd day of July, 2018 by and between:

All India Council for Technical Education (AICTE), through its Adviser-I (RDPD), has its office at 3rd Floor, Nelson Mandela Marg, Vasant Kunj, New Delhi - 110070, a Statutory Body under the Ministry of Human Resource Development, Govt. of India established under the All India Council for Technical Education Act, 1987 (hereinafter referred to as the "AICTE") on the first part.

AND

National Program Technology Enhanced Learning (NPTEL) through its Coordinator, NPTEL, OCE, IIT Madras, Chennai has its office at IIT Madras on the second part.

WHEREAS, AICTE and NPTEL are desirous to execute AICTE-NPTEL Faculty Development Programmes for teachers in AICTE's approved technical institutions through NPTEL MOOCs (Massive Open Online Courses) Advanced Courses and these NPTEL courses undertaken and successfully completed by faculty shall now be considered for faculty promotions under CAS/direct recruitment.

AND WHEREAS, both AICTE and NPTEL are mutually desirous to set forth in this MoU certain terms and conditions applicable to both for executing the scheme.

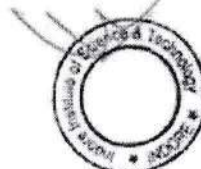

1. Purpose of Agreement

This Agreement is entered between AICTE and NPTEL for defining terms & conditions of the NPTEL Advanced level courses, good enough to be Faculty Development Programmes, through MOOCs (Massive Open Online Courses) and role & responsibilities of both the parties.

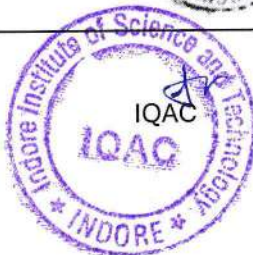

NOW, THEREFORE, both parties agree to the following terms and conditions:-

1. NPTEL is already conducting Advance and Basic Level courses through MOOCs (Massive Open Online Courses)
2. A large number of Advance Level Courses are being offered by NPTEL. These are 1 credit, 2 credit and 3 credit courses.
3. Since MOOCs (Massive Open Online Courses) of NPTEL are not full time like regular FDPs, it is decided that its equivalence to regular FDP shall be considered as under.

| 1 | 1 | 1 | 1 | 1/12 of one week Full FDP of one week |
| 2 | 12 | 1 | 12 | 1/12 FDP |

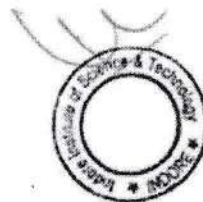

1. NPTEL MOOCs (Massive Open Online Courses) will have regular assignments and in person examination at the end. A test will be conducted by NPTEL and a certificate be issued to only those participants who attended the programme and qualify in the test.

2. Role & responsibilities of NPTEL

- (a) It shall be the responsibility of NPTEL to conduct advance level courses through MOOCs, which are good enough to be FDP.
- (b) NPTEL will do the certification of these courses with AICTE.
- (c) NPTEL will act as facilitator for the operation of the programmes.
- (d) NPTEL through its Academic Affairs Council (this is the senate of the different IITs that run courses on NPTEL) and its Programme Implementation Committee (Chaired by Director, IIT Madras and all NPTEL coordinators are member) will identify the set of advanced courses that are good enough to be FDP.
- (e) The list of courses will be advertised on the NPTEL portal (npTEL.ac.in) and a record of courses approved every semester will be maintained on the same portal.
- (f) Online portal will be modified by NPTEL to invite applications for the conduct of advance level courses through MOOCs and the link also be provided at AICTE website.
- (g) Since the NPTEL courses are supported by MHRD, NPTEL will be accountable for the grants sanctioned under the scheme and shall abide by terms and conditions stipulated by MHRD for financial grants.
- (h) NPTEL will constitute a Steering Committee for effecting implementation of scheme. AICTE will provide its representative as a member on that Committee.
- (i) After conduct of each programme, NPTEL will provide to AICTE a list of participant faculty from engineering college, along with their contact details, who attended the MOOCs programme in the eligible NPTEL courses and successfully completed the same.
- (j) A special joint certificate will be issued by NPTEL to the participants who attended the MOOCs programme in the eligible NPTEL courses and successfully completed the same. The specially designed joint certificate will carry AICTE logo and signatures of Advisor, AICTE and NPTEL Coordinator appended on it.
- (k) NPTEL will ensure that the above said certificate shall be issued only to those participants who qualify examination.

All India Survey of National Programme on Technology
Enhanced Learning (NPTEL)

Dear Students,

As you are aware that the NPTEL (National Programme on Technology Enhanced Learning) is an initiative of seven Indian Institute of Technology (IITs) and Indian Institute of Science (IISc). NPTEL provides E-learning through online web and video courses in Engineering, Science and humanities streams and the mission of NPTEL is to enhance the quality of Engineering Education in the country by providing free online courseware.

Presently an important all India survey on NPTEL is being conducted. The main objective of this survey is to gauge your awareness, expectations and feedback about NPTEL program in particular and e-Education in general. Your honest opinion and contribution will help in improving the NPTEL program.

You are requested to participate in this survey of NPTEL by accessing the following link www.nptel-survey.weebly.com

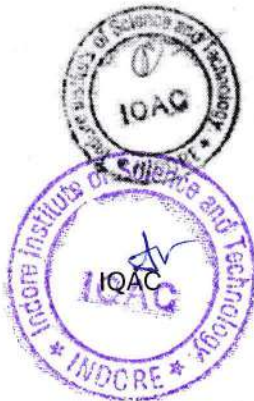

Note : In case you haven't come across NPTEL programme hitherto, it is advised that kindly visit NPTEL website (<http://nptel.iitm.ac.in>) first and get familiar with NPTEL program or you can take a look at PPT available on www.nptel-survey.weebly.com before attempting survey.

I not only hope but also believe that you will enthusiastically participate and contribute in this useful & promising National Level Revolutionary Educational program.

Thanking you so much indeed!

With Best Wishes -

Subject - MOU between AICTE and Internshala - Internship Day 2018 -reg.

Sir/ Madam

As you are aware that an MOU was signed between AICTE and Internshala on 27th April, 2017 to facilitate internship to students. The MoU is available on AICTE website. Students can use Internshala platform for free internships.

This is to convey that Internshala is organizing an Internship Day in August 2018 to reward and recognize the colleges with the maximum internship selections during the summer via Internshala (April - July). The Internship Day will mark the importance of internships and the positive impact it can create on the overall employability of college students. In the event, the top performing college will be rewarded with trophies and certificates. This is an opportunity for the institutions to showcase its strong internship culture among the student & parent fraternity.

Interested institutions are encouraged to avail this opportunity for internships for students by filling [the form - \(Internshala.com/10883\)](#) to register themselves for the event. The form be filled only by college authorities or training & placement team of the college only.

Internshala will provide continued support to help maximum students find an internship from your institution.

Please note - Only internship selections through Internshala will be counted, therefore, colleges may fill the form to participate.

The last day to register is 7th May 2018.

RED HAT ACADEMY PROGRAM APPENDIX

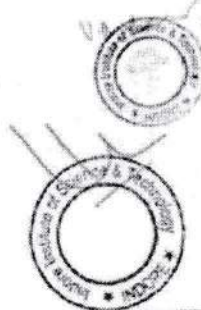

- 1. Background and Purpose:** This Program Appendix ("Appendix") describes the terms and conditions under which Partner will participate in the Red Hat Academy Program ("RHA" or "Program") in the facility. Under the Program, Red Hat provides Partner an Internet-based and managed Curriculum, Software, and Services and Partner provides the facilities and Teachers and delivers the Courses to Students as set forth in this Appendix. Capitalized terms not defined in this Appendix shall have the meaning given to them in the Partner Agreement between the parties, including the Partner Terms and Conditions.
- 2. Definitions:**
 - "Appendix" means this Red Hat Certified Training Partner Program Appendix, including the terms and conditions governing the relationship between the Parties as contemplated by this Appendix, and further subject to the terms and conditions of the Partner Assistance Document ("PAD"), which this Appendix shall be an addendum.
 - "Curriculum" means the Courses, Course Materials, Manuals, and any and all instructional content, assessments, tests, and instructional materials included therein whether in print or electronic format, provided by Red Hat as part of the Red Hat Academy Program.
 - "Course" or "Courses" means the specific courses or units of study that may be taught under the RHA and as set forth in BODS A, BODS C and as otherwise defined by Red Hat under the Red Hat Academy Program.
 - "Course Materials" means any and all instructional and educational content provided directly or indirectly by Red Hat, including without limitation design, course names and numbers, course materials, Manuals, methodologies, software, scripts, processes, instructional exercises, slides, notes, lab exercises, assessment tools, question banks, answer keys, scripts, files, interactive guides and/or any other materials in any format, provided in connection with the Curriculum whether distributed in print, electronic, or other format, including without limitation, Student IDs, Scripts, Exam IDs, and Exam Authentication. Any of the foregoing may be modified by Red Hat from time to time, at its sole discretion.
 - "Documentation" means user manuals, learning materials, software descriptions and specifications, brochures, technical manuals, license agreements, supporting materials and other printed information provided in connection with the Learning Services, in any format.
 - "Effective Date" means the Red Hat date when both parties have fully accepted or signed the Partner Agreement including this Appendix.
 - "Exam" means a Red Hat performance based certification exam.
 - "Partner" means a qualified university, academic institution, or entity with a workforce development program that acquires the Red Hat Academy Subscription for its own use to be provided to Partner's Students and without the right to directly or indirectly sell, resell, relicense, or in whole or in part, otherwise circumvent Red Hat Academy. Eligibility of a Partner is determined by Red Hat's sole and exclusive discretion.
 - "Program Subscription Fee" means the annual subscription fee paid by Partner that provides Curriculum, Software and Services to the Partner and enables Partner to teach the Curriculum to Students as set forth herein or its successor lawfully agreed under.
 - "Services" means Learning Services provided as part of the Program.
 - "Student" is a person enrolled full or part-time in the Partner's school, institution of learning and admitted to a degree-seeking program (e.g., diploma, or degree, program) or certificate program and attends a Course as taught by a Teacher.
 - "Student Kit" means the individually priced and packaged digital or online Course Materials required for one (1) Student enrolled in a single Course.
 - "Software" means Red Hat Enterprise Linux, Red Hat Enterprise Middleware and other software programs provided by Red Hat, as defined under the terms including all modifications, add-ons or future enhancements delivered by Red Hat.
 - "Teacher" is a Partner employee or contractor who meets all qualifications determined by Red Hat and teaches and instructs Courses for the Partner.

"Teacher kit" means a set of materials, including a copy of the Red Hat Academy Student Kit as well as supplemental instructor material, assembled by Red Hat solely for use by a Red Hat Academy instructor in delivering Red Hat Academy classes.

3. License and Ownership

3.1. License Grant. Upon Partner paying the applicable fee(s), Red Hat grants Partner a non-exclusive, non-transferable, fully paid license, with no right to sublicense (including, but not limited to, sell, to use the Curriculum and Course Materials pursuant to the Agreement as follows: (a) distribution of Course Materials is limited to one (1) copy per Teacher and one (1) copy per Student; (b) Curriculum are provided solely for the use by Teachers and Students in the Course and such Curriculum may not be copied or transferred without the prior written consent of Red Hat; and (c) Curriculum must be taught sequentially and completed by Partner in no less than eight (8) weeks. The Curriculum shall not be used to teach or material to any person who is not officially enrolled as a Student and admitted to a degree, diploma, or certificate-acquiring program of Partner.

Notwithstanding the foregoing, all Curriculum is the sole property of Red Hat and its licensors, and are copyrighted by Red Hat unless otherwise indicated herein. Red Hat and its licensors will have sole ownership of any and all Curriculum including but not limited to methodologies, software, processes, or other intellectual property developed during the performance of the Services. Red Hat will provide Software for the use to the Partner and Students in the Course. Use of the Software is subject to the End User License Agreement set forth at <https://www.redhat.com/en/offerings/enterprise-red-hat-software>. The Software may only be used by Partner. Partner is solely responsible for providing infrastructure, including an "Internet" capability for use of the Curriculum, delivery of all instruction to Students, all grading and assessment of Students, and handling of all Student and Teacher information. Partner hereby agrees that Software used outside of the Program is covered under terms and conditions of the Enterprise Agreement including Appendix 1, Subscription Services, set forth at www.redhat.com/en/offerings/enterprise-red-hat-software, which may be amended from time to time by Red Hat in its sole discretion.

3.2. Retained Rights. No part of the Curriculum may be photocopied or duplicated in any manner, whether in print or electronic, or used in the basis for any other training product or service, without written permission from Red Hat. Partner's rights in the Curriculum are limited to those limited rights expressly granted under the Agreement, and Red Hat retains all rights not expressly granted. Partner will not (a) modify the Curriculum in any manner, or (b) use the Curriculum for any purpose not specifically permitted by the Agreement. Red Hat and its licensors will own and retain all rights, title, and interest in the Curriculum and all intellectual property rights inherent therein, including without limitation all concepts and improvements suggested or suggested by Partner, notwithstanding any use of terms such as "partner", "user", or "end user" within the Agreement. Partner represents and warrants that its use of the Curriculum will be in full compliance with the Agreement. Any unauthorized use of the Curriculum will be deemed a material breach of the Agreement. With respect to Students with access to Curriculum, Partner will ensure such Student is sign or otherwise consent (in a binding manner) to the Enterprise Agreement with Appendix 1, Training, Training Labs, and Consulting (LTC) set forth at <https://www.redhat.com/en/offerings/enterprise-red-hat-software>, which may be amended from time to time by Red Hat in its sole discretion. Partner's internal use of Content or Exams is subject to the Enterprise Agreement with Appendix 1, Training, Training Labs, and Consulting (LTC) set forth at <https://www.redhat.com/en/offerings/enterprise-red-hat-software>, which may be amended from time to time by Red Hat in its sole discretion.

3.3. Permitted Marks. Partner may only use the logos set forth in Exhibit B to the Program in connection with the activation of Partner providing Red Hat Academy Courses to Students. Partner may not use the logos in general advertisements or marketing materials that do not specifically address or support the sale of Courses under the Program.

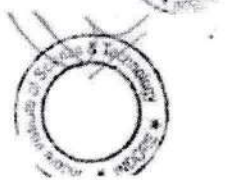

3.4. Copyright Notices. Partner will ensure that all copies of the Curriculum in Partner's possession or control incorporate copyright and other proprietary notices in the same manner as the Red Hat incorporated such notices in the Curriculum or in any material reasonably requested by Red Hat. Partner will promptly notify Red Hat in writing upon its discovery of any unauthorized use of the Curriculum or infringement of the Curriculum or Red Hat's proprietary rights in the Curriculum.

3.5. Use of Red Hat Software. Any use of Red Hat Software is subject to Red Hat's standard agreements including the Enterprise Agreement set forth at <https://www.redhat.com/en/offerings/enterprise-red-hat-software>, the applicable Red Hat End User Agreement set forth at <https://www.redhat.com/en/offerings/enterprise-red-hat-software>, and any other industry standard written agreements with Red Hat as applicable.

4. Fees and Payment

4.1. General. Any fees or charges ("Fees") will be due and payable by Partner in accordance with the Agreement. Partner may purchase from Red Hat devices, or devices or hardware as Authorized Red Hat Reseller/Partner. If Partner acquires Subscriptions, Courses and/or Services through a Red Hat Academy Program Reseller, the Fees for such Subscriptions, Courses and/or Services will be determined by such Reseller and may vary from the Red Hat Fees.

Hi,

Welcome to edX Online Campus Essentials! We're happy to have you on board and we look forward to working with you. Please find below your Digital Welcome Packet including instructions for getting started with edX courses.

We'd like to start by offering you access to our Administrator Dashboard, where you will be able to begin assigning subscription licenses to your learners and access your regularly updated learner progress data reports.

- Please click here to access your edX account and configure your admin account.
- Then you may log into the dashboard at portal.edx.org to get started.
- Find a short video on how to navigate the Dashboard here.

Also, please find both a quick start as well as a detailed guide for assigning subscription licenses to your learners and making them access their courses. The manual simplifies the most common license management scenarios such as assigning licenses to users via just sending an automated email, Resending licenses to address that status and tracking activations. We are also including materials you can share with learners via your internal web or other platforms.

CISCO Networking ACADEMY

INDORE INSTITUTE OF SCIENCE & TECHNOLOGY, INDORE

Approved by AICTE, New Delhi, Affiliated to RGPV, Bhopal, Recognized by UGC under Section 2(f)

CISCO Networking Academy

Cisco Academy Membership Agreement

Welcome to the Cisco Networking Academy. This agreement governs your Academy's participation in the Cisco Networking Academy. The Networking Academy Membership Guide for Cisco Academies ("NAMGCA") describes the benefits, roles and responsibilities of Cisco Systems, Inc. or its subsidiary responsible for distribution in the country in which you are located ("Cisco") and your Academy. The NAMGCA forms part of this agreement, and will be made available to your Academy by Cisco. Your Academy should review the NAMGCA carefully before agreeing to participate in the Cisco Networking Academy. By accepting this agreement your Academy agrees to comply with the NAMGCA. As the Cisco Networking Academy evolves, changes to the NAMGCA may be experienced. Cisco will exercise reasonable efforts to provide advance notice to your Academy of any major changes to the NAMGCA.

Cisco provides all resources, course materials, services, websites or other deliverables "as is", without warranty of any kind (as far as Cisco is permitted to do so by law). Further details are set out in the NAMGCA.

The following provisions (a) - (c) govern your treatment of personal information of Academy and Cisco Networking Academy participants (i.e. employees, students, instructors, administrators, or any other of your Cisco Networking Academy participants) ("Cisco Networking Academy Participants") provided to or otherwise obtained by Cisco from your Academy in connection with the Cisco Networking Academy:

- (a) By entering into this agreement, your Academy will ensure that Cisco Networking Academy Participants have given their unambiguous consent, to the processing of their personal information by Cisco: (i) from within and outside of the European Economic Area and those countries deemed to have adequate data protection laws in connection with processing the personal information; and (ii) in accordance with Cisco Networking Academy Privacy Policy, as amended from time to time and located [here](#).
- (b) Your Academy agrees to comply with: (i) applicable data protection laws and regulations, including your Academy's obligations as data controller under these laws and regulations; and (ii) Cisco's Networking Academy Privacy Policy located [here](#).
- (c) To the maximum extent permitted by law, your Academy shall defend, indemnify and hold harmless Cisco and its officers, directors, employees, shareholders, customers, agents, licensors and suppliers from and against any and all loss, damages, liabilities, settlement, costs or expense (including legal expenses and the expenses of other professionals) as incurred, resulting from or arising out of your Academy's breach of applicable laws relating to the treatment of personal information including any claim for the unauthorized collection, storage, forwarding, or use of personal information. As a condition to such defense and indemnification, Cisco will provide your Academy with prompt written notice of the claim and permit your Academy to control the defense, settlement, adjustment or compromise of any such claim. Cisco may employ counsel at its own expense to assist it with respect to any such claim provided, however, that if such counsel is necessary because of a conflict of interest of either your Academy or your Academy's counsel or because your Academy does not exercise control, your Academy will bear the expense of such counsel. Cisco shall have no authority to settle any claim on behalf of your Academy.

Your term of membership in the Cisco Networking Academy is three (3) years (36 months), commencing on the date when Cisco executes this agreement. The term shall be automatically renewed for additional twelve (12) month terms unless (i) 60 days prior to the end of the then current term one party gives written notice to the other party of its election not to renew this agreement, notwithstanding the foregoing, either Cisco or your Academy may terminate this agreement without a responsibility to the other party for any reason or for no reason by providing at least thirty (30) days' written notice to the other. Either party may refuse to extend or renew the three year term for any reason or no reason.

By clicking "Accept", you represent that you are authorized to enter into this agreement (including the NAMGCA) on behalf of your Academy. On behalf of the Cisco Networking Academy global community, welcomed by signing this agreement your Academy is taking an important step in bringing new opportunities and knowledge to your students, the future architects of the networked economy!

3. NOT LEGALLY BINDING

This MOU is not intended to be and is not to be construed as a legally binding agreement. Signing of this MOU does not result in any material, financial or other obligation for either of the parties hereto. By signing this MOU, the parties are signifying their desire for future collaboration. Specific initiatives may be considered and agreed upon, on a case-by-case basis, including the contributions and obligations of each institution. Subsidiary agreements may be signed as required.

4. NO EXCLUSIVITY CLAUSE

While this MoU in no way restricts either party from participating with other agencies, organizations and individuals on similar arrangements or other memorandum of understanding, the Parties agree and acknowledge that such other MoU shall not conflict and/or impinge upon a Party's ability to effectively fulfil its responsibilities under this MoU.

5. TENURE OF MoU

This MoU is valid, subject to fulfillment of the conditions as mentioned herein for a period of twenty-four (24) months from the date of its coming into effect or any other date ("Effective Date"). However, this can be extended with mutual written agreement by both parties. Both parties agree to bear their own expenses relating to deliverables under this agreement.

6. CONFIDENTIALITY AND IP

6.1 For the purposes of this Agreement, the term "Confidential Information" shall mean all non-public written, electronic, oral, visual or intangible information disclosed to either party by the other party. Each Party will maintain the confidentiality of any information it receives from the other Party which is marked confidential or proprietary or which would, under the circumstances, appear to a reasonable person to be confidential or proprietary.
