## 1. Introduction

The Central Library of Indore Institute of Science and Technology is a treasured house of knowledge comprising an ever-growing collection of around 76917 books ,10662 e-books, Online Journals and 108 titles of journals. The library is fully automated with an ILMS that enables efficient library administration. The Library’s LILMS is provided by Mastersoft Pvt. Ltd., streamlines various library operations including books entries, issuances, return, and renewal. All the books in the library are bar-coded and transactions are automated by using this barcode system. The entire task of book issue, return and renewals is computerized. The counter transactions page is simplified in such a way that the system user need not navigate anywhere, and the transactions time is significantly reduced, giving the end user a great experience.

The OPAC, or Online Public Access Catalog, enables users to easily locate resources within the library. Users can search a catalog using servals criteria, including author, title, publisher, and Keywords. The Digital Library or e-Library is an additional facility for the benefits of the students and faculty. Digital Library has 20 systems with internet connectivity to access. the digital content.

Name of ILMS software – Master Soft

Nature of Automation – Fully Automation
