7.1.9 Sensitization of students and employees to the constitutional obligations: values, rights, duties and responsibilities of citizens.

**Initiatives IIST take to sensitize students and employees to constitutional obligations, values, rights, duties, and responsibilities of citizens:**

IIST play a crucial role in fostering awareness and understanding of constitutional values, rights, duties, and responsibilities among students and employees.

1. **Curriculum Integration:** RGPV Bhopal (Affiliating University) has incorporated topics related to constitutional values, rights, duties, social issues and civic responsibilities into the curriculum.

Compulsory subject, BT-108 (Swachh Bharat Summer Internship Unnat Bharat Abhiyan (100Hrs)/ Rural Outreach) in the first semester for all the branches of engineering, which aims to foster the students with core values of Constitutional rights, duties, and responsibilities.

Compulsory subject, ES-301 (Energy Ecology & environment) in the third semester for all branches of engineering make student responsible towards the country, its biodiversity and its Conservation, Social Issues, Environment, Sustainable development, Environmental ethics. The curriculum also has compulsory fieldwork, visits and on-ground studies.

2. **Induction Program (Abhigyata Parv):** IIST organizes student induction program after the first year admission process; It is as per the AICTE and the RGPV guidelines. It is an effective tool to incorporate among students, the responsibility as an engineer, a citizen and a good human being. Fostering Universal Human Values and his/her responsibilities towards the society. It includes, keynote lectures by eminent people and leaders, life lessons, visits to local areas, villages, university, institute and ragging rules/guidelines and oath to make them a responsible citizen.
3. **Workshops and Seminars:** IIST conducts workshops and seminars on constitutional obligations, human rights, and civic duties. Invited experts speak on these topics and engage students and employees in discussions. Ranger, Ralamandal wildlife century was invited as an expert, he
4. **Celebration of National Days:** Celebrate national days such as Republic Day, Independence Day, World Environment day, Constitution Day, Youth Day with

and Technology, Indore

activities that highlight the importance of the Constitution and the struggle for freedom. This include flag hoisting, oath, speeches, and cultural programs.

5. **Student Clubs, Societies:** Model Parliament conducted by the Lexicon Club inculcates constitutional values among the students. They represent themselves as the MP's in the parliament raising issues, discussing it and finding feasible solutions.

Through Model UN, they are make to think, deliberate and discuss on the challenging national and geopolitical issues. They represents themselves as national ambassadors discussing and finding solutions.

World Human Rights day is observed on 18<sup>th</sup> Dec, for inculcating the values of equality among the students and faculty of the institute.

IIST conduct awareness campaigns on various constitutional rights and duties. This include poster exhibitions, debates, essay competitions & poetry competition under the 18 clubs.

6. **Community Outreach Programs through NSS Unit**

The NSS unit of the institute conducts compulsory camps in the villages; there the students' stays for a period of 7 days and focuses on community living, teambuilding, leadership, inclusive growth and sustainability. They indulge in various voluntary activities like 'Prabhat pheri', cleaning and maintenance of the village school, adult education, community kitchen, national integration and awareness of villages on various topics like cleanliness, hygiene, health, energy conservation, organic farming and education. This enhances their character, morals, ethics in addition to constitutional values and civic responsibilities.

NSS unit also engages in 'Unnat Bharat Abhiyan' in villages and conducts various camps like health check-up, blood donation and cleanliness drives for the local communities. Students

These activities encourage students and employees to participate in community outreach programs that promote constitutional values and civic responsibilities.

7. **Gender Sensitization Programs:** IIST implement gender sensitization programs to promote gender equality and respect for all individuals. This includes workshops, seminars, and awareness campaigns on gender rights and issues. Women's cell and Internal complaints committee is in place for students and employees.

8. **Anti-Ragging and Anti-Discrimination Policies:** IIST enforce strict anti-ragging and anti-discrimination policies to ensure a safe and inclusive environment for all students

and employees. Sensitisation is conducted on these policies during Induction Program. Anti-Ragging forms are filled and submitted by the students.

- 9. Environment and Sustainability Initiatives:** Promote awareness about environmental laws and sustainability practices. Encourage students and employees to participate in activities that promote environmental conservation and protection.

World Environment day is celebrated under the Green Waves Club initiative of the institute. Seminar, pledge and plantations are done on the day.

“Water Man of India”. Dr.Rajendra Singh held an extensive seminar for the students, faculty and resident of Indore city under the Green Waves Movement of the institute. He focussed on the pertaining situation of water level drop in India, specially the recently identified 32 cities, Indore being one of them. MP’s, IAS, IRS, IPS officers and several dignified gentry on Indore were part of his session. 3000 people attended the event.

The institute promotes electric vehicles and cycles in the campus. The institute is declared ‘No plastic zone’. Institute also promotes and conducts organic farming in its fields, the produce of which are available to the students and employees.

- 10. Legal Literacy Programs:** Organize legal literacy programs to educate students and employees about their legal rights and responsibilities for their digital assets. IPS Dantodiya ji (DSP), has conducted sessions on Cyber Laws and Security for the students and employees of the institute.

The objective of this Course is to provide *an introduction to energy systems and renewable energy resources, with a scientific examination of the energy field and an emphasis on alternative energy sources and their technology and application.*

**Module 1: Introduction to Energy Science:**

Introduction to energy systems and resources; Introduction to Energy, sustainability & the environment; Overview of energy systems, sources, transformations, efficiency, and storage; Fossil fuels (coal, oil, oil-bearing shale and sands, coal gasification) - past, present & future, Remedies & alternatives for fossil fuels - biomass, wind, solar, nuclear, wave, tidal and hydrogen; Sustainability and environmental trade-offs of different energy systems; possibilities for energy storage or regeneration (Ex. Pumped storage hydro power projects, superconductor-based energy storages, high efficiency batteries)

**Module2: Ecosystems**

- Concept of an ecosystem; Structure and function of an ecosystem; Producers, consumers and decomposers; Energy flow in the ecosystem; Ecological succession; Food chains, food webs and ecological pyramids; Introduction, types, characteristic features, structure and function of the following ecosystem (a.)Forest ecosystem (b) Grassland ecosystem (c) Desert ecosystem (d) Aquatic ecosystems (ponds, streams, lakes, rivers, oceans, estuaries)

**Module 3: Biodiversity and its conservation**

- Introduction - Definition: genetic, species and ecosystem diversity; Bio-geographical classification of India; Value of biodiversity: consumptive use, productive use, social, ethical, aesthetic and option values; Biodiversity at global, National and local levels; India as a mega-diversity nation; Hot-spots of biodiversity; Threats to biodiversity: habitat loss, poaching of wildlife, man-wildlife conflicts; Endangered and endemic species of India; Conservation of biodiversity: In-situ and Ex-situ conservation of biodiversity.

**Module 4: Environmental Pollution**

- Definition, Cause, effects and control measures of Air pollution, Water pollution, Soil pollution, Marine pollution, Noise pollution, Thermal pollution, Nuclear hazards; Solid waste Management: Causes, effects and control measures of

**Module 5: Social Issues and the Environment**

- From Unsustainable to Sustainable development; Urban problems related to energy; Water conservation, rain water harvesting, watershed management; Resettlement and rehabilitation of people; its problems and concerns. Case Studies
- Environmental ethics: Issues and possible solutions. Climate change, global warming, acid rain, ozone layer depletion, nuclear accidents and holocaust. Case Studies Wasteland reclamation; Consumerism and waste products; Environment Protection Act; Air (Prevention and Control of Pollution) Act; Water (Prevention and control of Pollution) Act; Wildlife Protection Act; Forest Conservation Act; Issues involved in enforcement of environmental legislation; Public awareness.

**Module 6: Field work**

- Visit to a local area to document environmental assets- river/forest/grassland/hill/mountain
- Visit to a local polluted site-Urban/Rural/Industrial/Agricultural
- Study of common plants, insects, birds.
- Study of simple ecosystems-pond, river, hill slopes, etc.

## A Guide to Induction Program

### 1 Introduction

*(Induction Program was discussed and approved for all colleges by AICTE in March 2017. It was discussed and accepted by the Council of IITs for all IITs in August 2016. It was originally proposed by a Committee of IIT Directors and accepted at the meeting of all IIT Directors in March 2016.<sup>1</sup> This guide has been prepared based on the Report of the Committee of IIT Directors and the experience gained through its pilot implementation in July 2016 as accepted by the Council of IITs. Purpose of this document is to help institutions in understanding the spirit of the accepted Induction Program and implementing it.)*

Engineering colleges were established to train graduates well in the branch/department of admission, have a holistic outlook, and have a desire to work for national needs and beyond.

The graduating student must have knowledge and skills in the area of his study. However, he must also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which he would understand and fulfill his responsibility as an engineer, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed.

There is a mad rush for engineering today, without the student determining for himself his interests and his goals. This is a major factor in the current state of demotivation towards studies that exists among UG students.

The success of gaining admission into a desired institution but failure in getting the

would, hopefully, become a thing of the past.

#### 2.6 Lectures by Eminent People

This period can be utilized for lectures by eminent people, say, once a week. It would give the students exposure to people who are socially active or in public life.

#### 2.7 Visits to Local Area

A couple of visits to the landmarks of the city, or a hospital or orphanage could be organized. This would familiarize them with the area as well as expose them to the under privileged.

### 2 Induction Program

When new students enter an institution, they come with diverse thoughts, backgrounds and preparations. It is important to help them adjust to the new environment and inculcate in them the ethos of the institution with a sense of larger purpose. Precious little is done by most of the institutions, except for an orientation program lasting a couple of days.

We propose a 3-week long induction program for the UG students entering the institution, right at the start. Normal classes start only after the induction program is over. Its purpose is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.<sup>2</sup>

The time during the Induction Program is also used to rectify some critical lacunas, for example, English background, for those students who have deficiencies in it.

These modules are designed to help students to develop a sense of responsibility and also enhance creativity which would, hopefully, flow into engineering design later.

### 2.3 Universal Human Values

It gets the student to explore oneself and allows one to experience the joy of learning, stand up to peer pressure, take decisions with courage, be aware of relationships with colleagues and supporting staff in the hostel and department, be sensitive to others, etc. Need for character building has been underlined earlier. A module in Universal Human Values provides the base.

Methodology of teaching this content is extremely important. It must not be through do's and don't's, but get students to explore and think by engaging them in a dialogue. It is best taught through group discussions and real life activities rather than lecturing. The role of group discussions, however, with clarity of thought of the teachers cannot be over emphasized. It is essential for giving exposure, guiding thoughts, and realizing values.

The teachers must come from all the departments rather than only one department like HSS or from outside of the Institute. Experiments in this direction at IIT(BHU) are noteworthy and one can learn from them.<sup>3</sup>

Discussions would be conducted in small groups of about 20 students with a faculty mentor each. It is to open thinking towards the self. Universal Human Values discussions could even continue for rest of the semester as a normal course, and not stop with the induction program.

Besides drawing the attention of the student to larger issues of life, it would build relationships between teachers and students which last for their entire 4-year stay and possibly beyond.

<sup>3</sup>The Universal Human Values Course is a result of a long series of experiments at educational institutes starting from IIT-Delhi and IIT Kanpur in the 1980s and 1990s as an elective course, NIT Raipur in late 1990s as a compulsory one-week off campus program. The courses at IIT(BHU) which started from July 2014, are taken and developed from two compulsory courses at IIT Hyderabad first introduced in July 2005.

**Summary**

World Population Day is commemorated annually on July 11th to raise awareness and educate individuals about the challenges and consequences associated with global population growth. According to United Nations, theme for this year's World Population Day 2023 is – **Unleashing the Power of gender equality: Uplifting the voices of women and girls to unlock our world's infinite possibilities.**

IIST as a part of its CSR always remains a step ahead towards the welfare of society and organized an awareness session. 30 students were selected and sent to villages Narlay & Mokhlai. The students prepared slogans banners based on theme. The girls and women of these villages were assembled at school ground and the students explained the consequences of population explosion. They also explained the concept of gender equality and equal opportunities for females in various sectors including armed forces.

The Group advisor to the institute and Principal appreciated their efforts and active participation.

Summary –

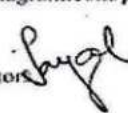

Karva Chauth is a traditional Hindu festival primarily observed by married Hindu women in Northern India, although it is gaining popularity in other regions as well. The word "Karva" refers to a clay pot, and "Chauth" means the fourth day, signifying that the festival falls on the fourth day of the Hindu lunisolar calendar, which is usually in October or November. Karva Chauth is a day-long fast observed by married women for the well-being, longevity, and prosperity of their husbands. Here are some key aspects of the celebration and its significance:

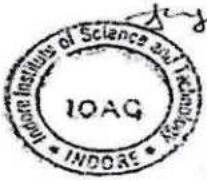

**Fasting:** Married women fast from sunrise to moonrise on Karva Chauth. They abstain from consuming food or water during this time, making it a challenging and significant part of the ritual. The fast is broken only after sighting the moon in the evening. Women usually wake up early, dress in colorful and traditional attire, and adorn themselves with jewelry and henna (mehendi) on their hands. The fast is initiated with a pre-dawn meal, called "sargi," which is prepared by the mother-in-law and consists of various sweets, fruits, and other food items.

**Puja (Worship):** Women come together in the evening, along with friends and family, to perform a special puja. They use a decorated clay pot (karva) filled with water, a plate of sweets, and an oil lamp as part of the puja. At IIST the event was hosted by respected Rekha Bhatnagar ma'am for all the female faculties and staff.

## 5. National Education Day Event Report

**Indore Institute of Science and Technology**  
Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

### National Education Day

Name of Event: National Education Day Date of Event: 24/11/23

No. of Participants: 100+15

Venue: Seminar hall -2

Participants: 2<sup>nd</sup> Year students (115 students)

Expert Lecture: Success and Emotional Intelligence by Dr. Uttam Dwivedi

Event Coordinator – Mr. Suveer Dubey and Ms. Jaya Singh

**Summary** – Emotional intelligence (otherwise known as emotional quotient or EQ) is the ability to understand, use, and manage your own emotions in positive ways to relieve stress, communicate effectively, empathize with others, overcome challenges, and defuse conflict. Emotional intelligence helps you build stronger relationships, succeed at school, and work, and achieve your career and personal goals. It can also help you to connect with your feelings, turn intention into action, and make informed decisions about what matters most to us.

At IIST on National Education Day session was conducted by Dr. Uttam Dwivedi on the Emotional Intelligence on online mode, at seminar hall -2, anchoring was conducted by Mechanical 2<sup>nd</sup> year student Vedansh Patidar and after the end of the session vote of thanks was given by Principal Sir Dr. Keshav Patidar.

#### SUMMARY –

Human Rights Day is observed every year on 10 December – the day on which the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights. The Universal Declaration of Human Rights empowers us all. As per the official website of the United Nations, the regulated theme to celebrate Human Rights Day 2023 is 'Freedom, Equality and Justice for All.

At IIST the day is celebrated on 18/12/2023. The session expert was Ms. Preeti Kanungo, National Secretary of National human rights & crime control bureau (A voluntary organisation for the protection & promotion of human rights) threw light on the subject to make the students and faculty aware about importance of Human Rights.

**SUMMARY -**  
Swami Vivekananda Jayanti, celebrated on 12<sup>th</sup> Jan 2024 at Indore Institute of Science and Technology, was a day dedicated to honoring the teachings and philosophy of Swami Vivekananda. The event aimed to inspire and motivate students by reflecting on the life and principles of this great spiritual leader.

**Event Highlights:**  
The day commenced with a soulful prayer to invoke Swami Vivekananda's blessings, setting the tone for the event. Student and faculty members gathered to pay homage to the iconic spiritual leader. One of the significant highlights of the event was the special online session conducted by Daji. Daji is a renowned spiritual leader and a prominent figure in promoting values and spirituality among the youth.

**Session by Daji:**  
Daji's session began with a profound tribute to Swami Vivekananda and his teachings. He emphasized the relevance of Swamiji's philosophy in the contemporary world and its importance in shaping the character and values of the youth. The interactive session touched upon various aspects of Swami Vivekananda's life. Daji drew parallels between Swamiji's principles, and the challenges faced by today's youth, encouraging students to adopt a holistic approach to life. Daji shared insightful anecdotes and practical tips on how to integrate spirituality into daily life, emphasizing the importance of self-discipline, perseverance, and compassion. The session

## Summary

## Indore Institute of Science & Technology

### SUMMARY:-

The Lexicon Club, IIST organized the event of "THE MODEL PARLIAMENT 3.0-winter Session" for the institute on March 20<sup>th</sup>, 2024 and brought together students to discuss the critical topic of "Dedollarisation and Multipolarism is becoming a necessity to establish new world economic order". The participants of this event were selected through a screening process which was conducted online by the core team members in 3 phases on 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> March 2024; Applications for the online screening were sent out through a Google Form. There were 93 applicants who gave the screening and out of whom 33 were selected for the main event along with the core team members of the Lexicon club which were selected by the students as per their strengths and interests and knowledge.

The event started with the National Anthem in the presence of DG sir and Principal Sir and all the departmental HODs. Both the sessions also had the presence of the faculty coordinator of the event Ms Rupali Tiwari. There were 3 parties involved in this session, The BRICS Alliance which was led by Mr Deepak Singh, The One World Alliance led by Mr Devesh Sen and lastly, The NATO Alliance which was led by Ms Neha Shekhawat. The event was divided into 2 sessions, both of which took place in Seminar Hall III; for both the sessions Hon'ble Speakers were Mr Yuvraj Singh Kachhawa and Mr Adityavardhan Jain.

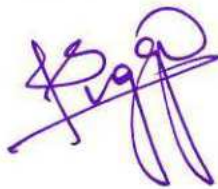

The session began with a brief party introduction from all the respective leaders of the parties followed by the opening statements from the speakers of all 3 parties. The formal debate session began with an active multi-faceted discussion inclusive of facts and modal policies and ideologies of each party and their agenda; before the lunch hour, each party presented their solution oriented bill and the second session which was the informal debate round similarly had a discussion session which was much more solution oriented in nature along with questioning on the respective bills of each parties. At last successfully a voting was conducted to elect the best bill out of three parties and the session was adjourned.

**ABOUT THE EVENT:**

MOP 3.0 aimed at showcasing critical discourse on diverse political ideologies. This session Lexicon Club is following three party ideologies: Right Wing, Left Wing, and Central Wing.

**Right Wing: (NATO & allies) - TEAM I**

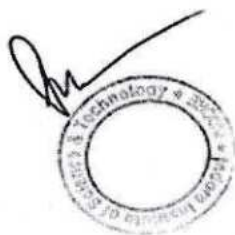

- Right-wing ideologies typically emphasize individual freedom, limited government intervention in the economy, and traditional social values.
- Advocates of right-wing politics often support free-market capitalism, lower taxes, deregulation, and a strong national defense.

**Left Wing: (BRICS & Alliance) - TEAM - II**

- Left-wing ideologies advocate for social equality, redistribution of wealth, and government intervention to address economic and social disparities.
- They prioritize collective welfare and seek to reduce inequalities through progressive taxation, social welfare programs, and government regulations.

**Central Wing: (Other Countries) - TEAM - III**

- Central-wing ideologies aim to strike a balance between the principles of right-wing and left-wing politics.
- They prioritize pragmatic solutions to societal issues, seeking to combine elements of both individual freedom and collective responsibility.

2. Aditya Vardhan Jain, AIML III Year

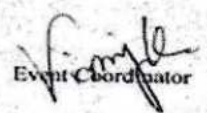

**Summary**

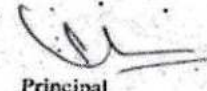

World Population Day is commemorated annually on July 11th to raise awareness and educate individuals about the challenges and consequences associated with global population growth. According to United Nations, theme for this year's World Population Day 2023 is – **Unleashing the Power of gender equality: Uplifting the voices of women and girls to unlock our world's infinite possibilities.**

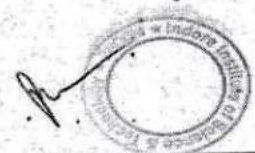

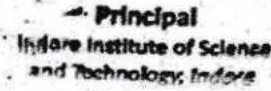

IIST as a part of its CSR always remains a step ahead towards the welfare of society and organized an awareness session. 30 students were selected and sent to villages Narlay & Mokhlai. The students prepared slogans banners based on theme. The girls and women of these villages were assembled at school ground and the students explained the consequences of population explosion. They also explained the concept of gender equality and equal opportunities for females in various sectors including armed forces.

The Group advisor to the institute and Principal appreciated their efforts and active participation.

##### Summary -

On 10th June 2024, Shruti Ahlaad Club of IIST organized a workshop for the students who have keen interest in Indian Classical music. Renowned Guitarist Shri Sachin Patvardhan ji was the guest and session expert for the workshop. He explained the depth of classical music in a very simple way but he equally emphasized that the disciple should follow his/her Guru or Mentor and practice the art of music with dedication & patience. He played few ragas on Spanish guitar used in very popular and melodious songs of Indian Cinema.

Hon'ble Group Advisor Shri Arun S Bhatnagar inaugurated the workshop and shared scientific facts of Indian classical music, that how it releases the stress and anxiety. He also threw an in-depth light on the origin of ragas in Indian Classical music.

At the beginning lamp lighting was done by dignitaries followed by beautiful Ganesh Vandana presentation by the post bearers of club. At the end Students along with Hon'ble Group Advisor Shri Arun S Bhatnagar sir recited famous Kabir Bani. The post holders of the club also presented an bouquet of melodious songs to motivate the participants of workshop. The entire event was managed by the club students. This successful event embarked one more milestone towards our vision of holistic development of students.

**SUMMARY / REPORT-**

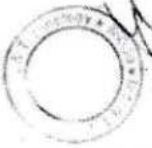

**National Youth Day 2024:** National Youth Day is also known as *Rashtriya Yuva Diwas* and is celebrated on the birth anniversary of Swami Vivekananda. The day creates awareness and provides knowledge about the rights of people in India. It is a day to educate people to behave properly in the country. The main objective behind the celebration is to make a better future for the country by motivating the youth and spreading the ideas of the Swami Vivekananda. National Youth Day is also famous as *Yuva Diwas*.

Youth Day, celebrated annually on 12th January, is a commemoration of the ideals and aspirations of young people worldwide. On this occasion, the National Service Scheme (NSS) of our institute organized a grand celebration aimed at empowering and recognizing the potential of the youth. The event took place on 12th January 2024 at our institute's premises.

Objective: The main objective of the event was to inspire and encourage young individuals to actively participate in shaping a better society. It aimed to foster volunteerism, instill a sense of social responsibility, and highlight the importance of community involvement among the youth.

### Summary: - About the Life Campaign

Environmental degradation and climate change are global phenomena where actions in one part of the world impact ecosystems and populations across the globe. Estimates suggest that if requisite action is not taken against the changing environment, approximately 3 billion people globally could experience chronic water scarcity. The global economy could lose up to 18% of GDP by 2050.

Over the last two decades, several macro measures have been implemented globally to address environmental degradation and climate change, including policy reforms, economic incentives and regulations. Despite their enormous potential, actions required at the level of individuals, communities and institutions have received limited attention.

Changing individual and community behavior alone can make a significant dent in the environmental and climate crises. According to the United Nations Environment Programme (UNEP), if one billion people out of the global population of eight billion adopt environment-friendly behaviors in their daily lives, global carbon emissions could drop by approximately 20 per cent.

In this context, the concept of 'Lifestyle for the Environment (Life)' was introduced by Prime Minister Narendra Modi at COP26 in Glasgow on 1st November 2021, calling upon the global community of individuals and institutions to drive Life as an international mass movement towards "mindful and deliberate utilization, instead of mindless and destructive consumption" to protect and preserve the environment. Life puts individual and collective duty on everyone to live a life that is in tune with Earth and does not harm it. Those who practice such a lifestyle are recognized as Pro Planet People under Life.

Changing our lifestyle, however, is not easy. Our habits are deeply ingrained in our daily lives and are continually reinforced through several elements of our environment. Translating our intention to do good for the environment is not always easy to translate into action. However, it is not impossible. By taking one action at a time and making one change daily, we can change our lifestyle and inculcate long-term environment-friendly habits. Studies suggest that practicing an action for a minimum of 21 days helps make it a habit.

Event Coordinator: Mr. Mahaveer Dangri

Conservation Pledge:

CONSERVATION PLEDGE

*Complete this pledge and do your part to conserve natural resources and protect the natural areas that we rely so much to live here in India.*

*I promise to do my best to:*

**Water Conservation**

- \*\* turn off the water while brushing my teeth
- \*\* take short showers instead of baths

**Energy Conservation**

- \*\* turn off the lights when the room is not being used
- \*\* not stand and hold the refrigerator door open
- \*\* turn off computers, monitors and games when not in use

**Waste Reduction**

- \*\* RECYCLE! At home and on the go. Recycling helps to save energy and natural resources
- \*\* get reusable shopping bags and have the facility use them when shopping
- \*\* pack my lunch in a reusable bag or container

**Air Quality**

- \*\* bike or walk instead of riding in the car
- \*\* ride the bus or carpool
- \*\* ask parents about natural cleaning instead of using chemicals

**Land/Natural Area Protection**

- \*\* pick up trash in my neighborhood
- \*\* not throw trash on the ground

**Day 2: 22/02/2024, Thursday**

On Day 2 of the camp, the volunteers commenced the morning with a Prabhat Pheri, circumnavigating the village from the campsite to the Rama Temple and back. Upon their return, they engaged in jogging, followed by simple exercises, Pranayama, and Surya Namaskar to promote physical well-being.

After these activities, the volunteers were served tea and breakfast, and attendance was marked. Following this, they embarked on shramdan, collectively cleaning the premises. Discussions regarding plans and activities for the upcoming days also took place.

Additionally, a formal announcement was made inviting all to the Free Eye Check-up Camp organized by the NSS Unit of IIST in collaboration with Dr. Agarwals Eye Hospital, Indore, held at Gram Panchayat Narlay. It's noteworthy that village members also actively participated in the eye camp, underscoring the significance of community engagement in healthcare initiatives. The inauguration of the Free Eye Checkup camp was graced by the esteemed presence of the Group Advisor Sir and the Principals of IIST-IIP-IIMR, which took place at 11:30 AM. All were cordially invited to attend the program between 11 AM to 2 PM.

Meanwhile, as part of the Boddhika Session, Dr. Neena Thacker provided valuable insights on character development, offering guidance on how to cultivate positive traits and values.

## Survey Report on Narlai Village

A survey was conducted in the village of Narlai by the NSS Volunteers of IIST. Around 36 volunteers were divided into groups and sent to streets, lanes, by-lanes under the guidance of their seniors and Program Officer. A door to door contact was made by the volunteers to get the required data and to get to know their problems. Their response was excellent as many came forward to share the required data and problems it was felt that a sense of awareness and responsibility among the community. People knew the importance of education, cleanliness and proper sanitation.

Volunteers got to know the lifestyle and struggles of the people living in the village. They also got to know that the main problem of the village was scarcity of water during summers and waste disposal management.

Day Wise Report

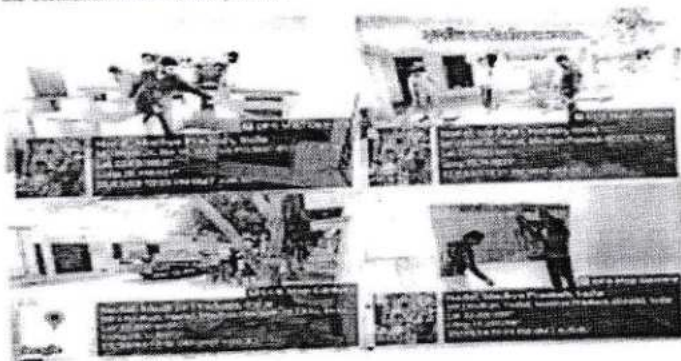

**Day wise Report**

**Day 1: 22/03/2023, Wednesday**

The visit camp was to be organized in Shreshthiya Madhyamik Vidhyalaya, the Government middle school of Narlai village, which is about 11 kms from Indore Institute of Science and Technology (IIST).

At around 10:00 AM, the volunteers reached the camp site. The volunteers at the first place started with unloading the luggage making a human chain that made the volunteers understand the perks of unity.

The first thing that the volunteers did was cleaning up of the camp premises to make it habitable. After cleaning the rooms and arranging them to a healthy living environment, the volunteers shifted their belongings and finally settled in their new home for the next seven days. The main motive of the camp was overall personality development through social services. It involved leading a simple life fulfilling only the elemental and necessary needs.

## Community Service *"Work for cause, not for applause"*

These lines become sentiments when a person is a part of NSS. The NSS volunteers participated in various community services during the camp held in Narlai from 22 March 2023 to 28 March 2023.

The objective of this camp was to develop an interface between the two different folklores, strengthen the bond of compatibility and to downplay the gaps in the society. It also aimed to develop long term institutional relation with the community and contribution to the enhancement of people there as well as create awareness among teacher trainees regarding their responsibilities towards the society. These goals were accomplished when the adept volunteers of NSS undertook the responsibility of the village and its surroundings.

Ranging from digging compost pit to interacting with villagers they did everything in their reach to provide their best to society. They also cleaned the school premises clearing it up from pebbles, dried leaves and plastic waste. Not only this, they interacted and imparted knowledge to the students of school about cleanliness, proper hygiene, sanitation and healthy living.

To make a sustainable environment, the first task that had to be done was to make the best use of waste products. The volunteers came up with the idea of digging a compost pit for the proper usage and disposal of organic waste which was to be produced during their stay. A compost pit of an appropriate depth was dug out and through the magic of composting, food waste and leaves were turned into fertilizer which could be put to future use. The plastic waste was properly collected and disposed of too.

Another important activity that was performed by the volunteers was cleaning of the premises. The school campus right from the playground area to the classrooms were all cleaned and sanitized completely. The volunteers performed 'Shramdaan' i.e. they cleaned the premises by removing the dirt and the plastic waste and then levelled it by removing stones to make it better for the students over there. The cleaning of kitchen was given extra importance in order to ensure good health of the students. The volunteers not only focused on cleaning but also beautifying the premises by planting saplings with medical usage such as Amla and Sheshtam. Just planting trees won't help the environment, so the volunteers took great care of the plants and also asked the students to take care of them after the camp.
