

2023-2024

7.3.2 - Plan of action for the next academic year

Focus Areas for Future Growth and Excellence:

1. Industry Collaboration:

- Action: Expand and deepen industry partnerships through regular guest lectures, hands-on workshops, and structured internship programs.

- Outcome: Future-ready graduates with enhanced employability, a curriculum for Special Interest Groups (SIGs) that remains dynamically aligned with evolving industry needs, and stronger industry-academic ties.

2. Enhancing Teaching & Learning:

- Action: Embrace active learning methodologies and organize ongoing faculty development programs focusing on innovative and technology-driven teaching practices.

- Outcome: Future-focused teaching approaches that boost student engagement, facilitate deeper learning outcomes, and maximize the use of emerging technologies to enrich education.

3. Student Development:

- Action: Augment student support services such as personalized career counseling and structured mentoring, alongside comprehensive soft skills workshops.

- Outcome: Future leaders with advanced soft skills, a higher rate of student involvement in co-curricular and research activities, and greater overall student satisfaction, preparing them for global challenges.

2023-2024

4. Infrastructure & Resources:

- Action: Continuously evaluate and invest in upgrading lab equipment, expand digital and physical library resources, and enhance campus infrastructure to support growth.

- Outcome: State-of-the-art facilities that support cutting-edge research and practical learning, well-maintained and adaptable campus spaces, and robust resources geared toward future academic and research demands.

5. Quality Assurance:

- Action: Develop, implement, and regularly review comprehensive feedback and assessment systems to guide ongoing improvements.

- Outcome: A forward-thinking culture of quality assurance, enabling proactive, data-driven decision-making and sustainable development, backed by responsive feedback loops.

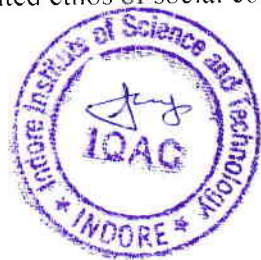

Strategic Areas for Future Expansion:

- Increasing research output by fostering collaborative research projects and incentivizing publication and innovation among faculty and students.

- Enhancing international collaborations through partnerships, student exchange programs, and joint research initiatives to provide global exposure.

- Promoting entrepreneurship and innovation, encouraging a start-up ecosystem that empowers students to develop future-oriented solutions.

- Strengthening social responsibility initiatives, ensuring the institute continues to positively impact the community and foster a future-oriented ethos of social consciousness and service.
