PART 03 : VERBAL ABILITY

Reading Comprehension

The stratosphere is a layer of the earth's atmosphere. It lies above the troposphere. It begins 10 miles above the equator and 6 miles above the earth's Polar Regions. Little moisture enters the stratosphere, so clouds are rare. Even though the stratosphere has complex wind systems, violent storms don't occur there. That's why airline pilots prefer to fly in the stratosphere. Temperatures increase with altitude in the stratosphere. The lower layer has a temperature of 28 degrees Fahrenheit. The upper layer has a temperature of about -67 degrees Fahrenheit. The upper part of the stratosphere is called the stratopause. The stratopause lies 30 miles above the

earth's surface. The stratopause contains most of the atmosphere's ozone which shields humans and other living things from ultraviolet radiation from the sun.

26. Stratosphere —

A) Is between stratopause and the earth

B) Is preferred by the planes since it has a smooth air condition

C) Consists of the ozone which keeps the stratosphere cool and smooth

D) Has different levels above the equator and the polar due to air warmth

E) Is sixteen miles high from the earth in total?

27. It's stated in the passage that —

A) The thickest layer of atmosphere is stratosphere

B) Airplanes are unable to fly in the lower layer of atmosphere

C) The temperature in the stratosphere increases as the height increases

D) The stratopause also consists of the troposphere

E) The ozone layer is thicker above the equator while it's shallow above the polar

Report- "Introduction to Aptitude and Reasoning"

Prepared by: Mr. Abhishek Bhatnagar

Date: 24th March 2023

Executive Summary:

This workshop conducted at Indore Institute of Science and Technology for first year (EC, AIML, IOT, CE, ME) engineering students on 21.03.2023 aimed to enhance their aptitude skills and prepare them to excel in aptitude tests conducted by various multinational corporations (MNCs). The one-day training program was designed to equip the students with the necessary knowledge, strategies, and practice required to succeed in the competitive job market. This report outlines the objectives, activities, outcomes, and Conclusion.

1. Objectives:

The primary objectives of the Aptitude workshop were as follows:

- To provide an introduction of Aptitude and Reasoning to first year engineering students to improve their aptitude skills.
- To prepare students to excel in aptitude tests conducted by MNCs as a critical component of the hiring process.
- To instill problem-solving and analytical thinking skills that are highly valued by employers.

2. Sessions and Activities:

The training program spanned 1 day and included a mix of interactive classroom sessions, practice tests, and feedback sessions. Introduction of following topics were covered:

Concepts of Arithmetic and Reasoning.

Indore Institute of Science and Technology

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

3. Outcomes:

The Aptitude Session produced several significant outcomes:

- **Improved knowledge about Aptitude:** Participants got the information on how to prepare for Aptitude tests.
- **Enhanced Problem-Solving Abilities:** The training sessions honed the students' ability to tackle complex problems systematically and logically.
- **Positive Feedback:** The participants expressed their satisfaction with the program, emphasizing its value in their job preparation.

4. Conclusion:

The workshop "Introduction to Aptitude and Reasoning" for first year (EC, AIML, IOT, CE, ME) engineering students at Indore Institute of Science and Technology proved to be a significant success. The program not only enhanced students' aptitude skills but also boosted their confidence in facing job interviews and assessments conducted by MNCs. The positive feedback from participants highlights the effectiveness of such training programs in preparing students for the competitive job market.

Workshop Report: "Honing Essential Soft Skills for Interview Success"

Date: February 20th to 22nd, 2023

Organized by: Career Development Cell (CDC), IIST

Resource Person: Jaya Singh

Objective:

The primary goal of the three-day workshop, featuring Jaya Singh, was to provide first-year students at IIST with a platform to enhance their essential soft skills, fortifying their capabilities to excel in interviews and professional interactions.

Workshop Overview:

The workshop covered a comprehensive range of soft skills crucial for career development. Attendees were exposed to interactive sessions, practical exercises, and expert insights aimed at refining their interpersonal, communication, and problem-solving abilities.

Day 1 Highlights:

The inaugural day commenced with an introduction to the importance of soft skills in the professional world. The trainer, shared valuable insights and anecdotes, setting the tone for the workshop. Attendees actively participated in ice-breaking activities to establish a collaborative learning environment.

Day 2 Highlights:

The focus on day two shifted to communication skills, both verbal and non-verbal. The workshop was on effective presentation techniques, active listening, and professional etiquette. Small group discussions allowed participants to apply newly acquired skills under the guidance of the resource person.

Day 3 Highlights:

The final day centered on practical application, the trainer took mock interview sessions designed to simulate real-world scenarios. Participants received personalized

"Career Development Cell (CDC)" Report

13th Apr 2023

Three days training session was organized by CDC for first year students of IIST. resource person of the training was Ms. Shweta Bahrani . The training focused on enhancing participants' communication skills and personality development. The report summarizes the objectives of the training, the training methods used, and the outcomes achieved.

Objectives

Enhance Communication Skills: The primary objective of the training program was to improve participants' communication skills, including verbal and non-verbal communication, active listening, and effective presentation skills.

Foster Personality Development: The training also aimed to support participants in developing their personalities by focusing on areas such as self-confidence, emotional intelligence, adaptability, and interpersonal skills.

Training Methods

Workshops: The training program included interactive sessions where participants engaged in various activities, role-plays, and group discussions to practice and refine their communication skills. These sessions allowed participants to receive feedback from trainers and peers.

Presentations: Each participant was given the opportunity to deliver presentations on selected topics. This exercise aimed to improve their public speaking skills, boost their confidence, and enhance their ability to articulate ideas effectively.

Individual Coaching: In addition to group activities, these sessions provided personalized guidance, feedback, and suggestions for improvement.

Outcomes

Improved Communication Skills: Participants demonstrated noticeable improvement in their communication skills. They were able to express their ideas clearly, actively listen to others, and engage in effective two-way communication.

Enhanced Presentation Skills: Through practice and feedback, participants developed better presentation skills. They improved their ability to structure content, engage the audience, and deliver presentations with confidence.

Increased Self-Confidence: The training program helped participants build self-confidence by providing them with opportunities to practice and receive constructive feedback. As a result, participants showed increased poise and self-assurance in various situations.

Conclusion

The soft skills training program conducted by CDC successfully enhanced participants' communication skills and supported their personality development. Through interactive workshops, presentations, and individual coaching, participants improved their communication abilities, gained self-confidence, and developed essential interpersonal skills. The outcomes of the training program demonstrate its effectiveness in equipping participants with valuable soft skills that are crucial for personal and professional growth.

Mock GD and Personal Interview

Indore Institute of Science and Technology

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

Report of CDC from Jan 2023 – June 2023

Additional Activities conducted by CDC

A. Skill Up Session:

The Skill Up Session conducted at the Indore Institute of Science and Technology for final year engineering students (Batch 2024) was a comprehensive 45-day program designed to enhance soft skills, verbal ability, and placement readiness. The primary objectives were to develop students' soft skills, improve their verbal abilities, and prepare them for successful job placements in multinational corporations (MNCs).

B. Mock Test :

A series of Mock Tests including (Verbal Ability, Reasoning, English) were conducted during the Skill Up session.

C. Mock GD :

The Mock Group Discussion (Mock GD) sessions, were conducted in Skill up sessions, aimed to equip final-year students with essential communication and group discussion skills required for job interviews. The session comprised diverse discussions on relevant topics and included constructive feedback from experienced moderators. By providing a simulated interview setting, it enhanced participants' communication, critical thinking, and interpersonal abilities, fostering confidence and readiness for future job interviews. Recommendations include applying received feedback, further practice, and considering additional workshops to address specific areas of improvement, ultimately boosting participants' employability and interview success.

D. Mock Personal Interviews :

The Mock Personal Interview (PI) session, was designed under the umbrella of Skill up to prepare final-year students for job interviews by simulating real interview scenarios. The session involved individual interviews with experienced interviewers who provided valuable feedback on participants' interview skills, articulation, and responses to common interview questions. This session aimed to build students' confidence, enhance their interview performance, and refine their ability to communicate their qualifications effectively. The recommendation is for participants to implement the feedback received and further practice, ensuring they are well-prepared for actual job interviews, thereby increasing their employability and job search success.

Skill Up Sessions Report-2023

Aptitude Training for Final Year Engineering Students

Prepared by: Abhishek Bhatnagar

Date: 16th August 2023

Executive Summary:

The Skill Up Sessions conducted at Indore Institute of Science and Technology for final year engineering students (Batch 2024) from 12th June'23 to 13th August'23 aimed to enhance their aptitude skills and prepare them to excel in aptitude tests conducted by various multinational corporations (MNCs). The 45-days training program was designed to equip the students with the necessary knowledge, strategies, and practice required to succeed in the competitive job market. This report outlines the objectives, activities, outcomes, and Conclusion.

1. Objectives:

The primary objectives of the Aptitude Skill Up Sessions were as follows:

- To provide a structured and comprehensive training program for final year engineering students to improve their aptitude skills.
- To prepare students to excel in aptitude tests conducted by MNCs as a critical component of the hiring process.
- To instill problem-solving and analytical thinking skills that are highly valued by employers.
- To boost the confidence and readiness of students for their job interviews.

2. Sessions and Activities:

The training program spanned 45 days and included a mix of interactive classroom sessions, practice tests, and feedback sessions. The following topics were covered:

Quantitative Aptitude: Concepts of mathematics and quantitative reasoning, including Percentage, Ratios, Time Speed Distance, Time Work, Average and Number System.

Logical Reasoning: Training in solving puzzles, critical thinking, and identifying patterns.

Mock Tests: Regularly scheduled mock aptitude tests to simulate real exam conditions.

Indore Institute of Science and Technology

Approved by AICTE, New Delhi & Affiliated to RGPV, Bhopal

3. Outcomes:

The Aptitude Skill Up Sessions produced several significant outcomes:

- **Improved Aptitude Skills:** Participants showed substantial improvement in their aptitude skills, as evident from their performance in mock tests and assessments.
- **Enhanced Problem-Solving Abilities:** The training sessions honed the students' ability to tackle complex problems systematically and logically.
- **Confidence Building:** The mock tests and feedback sessions helped students gain confidence in facing interviews and assessments.
- **Positive Feedback:** The participants expressed their satisfaction with the program, emphasizing its value in their job preparation.

4. Conclusion:

The Skill Up Sessions for final year engineering students at Indore Institute of Science and Technology proved to be a significant success. The program not only enhanced students' aptitude skills but also boosted their confidence in facing job interviews and assessments conducted by MNCs. The positive feedback from participants highlights the effectiveness of such training programs in preparing students for the competitive job market.

Self Declaration

We hereby declare that a university (RGPV) prescribed syllabus of Language Lab (BT-206) and Communication Skills (BT-103) in all the branches of Engineering in first year itself. In Engineering the students take admission from various parts of the country, to remove the language barrier ETNL software is being used in our institute.

Outcome

By the end semester students learn how to interact him/her self and be confident for showing their ideas. The outcome is evaluated by the external examiner appointed by RGPV University.

I certify that the above information is true and complete to the best of my knowledge.

1	Under the direction of Ms. Damini Sahni and with the speech of respected Group Advisor Sir, a yoga practise session was led by IIST's principal faculties, staff, and Group advisor	100	Faculties Staff & Students of Indore Institute of Science & Technology

Summary:

The 21st of June was International Yoga Day. International Yoga Day honours the intellectual and spiritual brilliance that yoga has contributed to the global scene. Although millions of people participate and practise it daily, it is a significant source of exercise and good activity.

It serves as a reminder of how crucial it is to adopt this age-old practise in order to improve one's physical, mental, and spiritual wellbeing. This day invites people to start a journey of self-discovery, inner calm, and holistic wellness by embracing yoga.

Group Advisor Shri Arun S. Bhatnagar spoke to the Institute's faculty, staff, and students on this occasion on the value of yoga and how to incorporate it into our daily lives.

- i) Heartfulness Education Trust ("HET") is a Public Charitable Trust registered under the Indian Trust Act, 1882 *inter alia* with an objective to impart an Heartfulness approach to various wellness programmes including relaxation, meditation, values based educational programmes for schools, colleges, government organizations, corporates etc., made available to all who are willingly interested in individual development and wellbeing. HET is also engaged in conducting various Teachers' training programmes in collaboration with Certain State Governments' Education Institutions.
- ii) **IIST INDORE**, located at INDORE DISTRICT- 453331 of MADHYA PRADESH State is one of the leading groups of educational institutions in MP and NCR region. The Institute established in the year (2003), offers variety of courses in Engineering, both at UG and PG levels. The Institute is approved by AICTE (New Delhi) and affiliated to RGPV Bhopal. IIST INDORE believes that the core purpose of education should be the holistic development of student and to unearth the priceless treasure lying dormant in them by providing fair opportunities, space & environment to blossom the seed to its fullest potential. Education can be said conclusive if we attain twin objectives i.e. prepare the students to take care of his inner self as well as how to meet out the expectation of outer world. With this view, IIST Indore has initiated **समस्त छात्रसमूह में ज्ञान** under which, 'know thyself, to be thyself, willing to evolve'

with 360 degree Holistic Development approach is implemented. The institute not only contributes the formal education with best practices but also prepare the students for better standard of living as well as better standard of life by applying academic, interpersonal and academia- industry efforts to enhance IQ, EQ, SQ as well as HQ (Happiness quotient) by taking care of his inner self i.e. body, mind and soul.

- iii) HET through its 'Heartfulness' initiatives offers a way for balanced living through various meditation techniques. These simple and effective techniques gradually imbibes feelings of discipline, empathy, brotherhood, leading to mental, spiritual and psychological well-being, helping an individual to transform not only inwardly but also his/ her attitudes, and dealings with society at large.
- iv) In order to stimulate and facilitate the development of programmes/modules which serve to enhance educational, social, spiritual & emotional development of students through a collaborative approach with HET through training and experiential learning IIST INDORE has agreed on the terms mentioned herein in support of its interest in the field of education and is desirous of promoting mutual cooperation by organizing and conducting educational workshops for mental, spiritual and psychological well-being of its students, and desires to extend the basis for friendly and cooperative collaboration by way of this MOU.

NOW THEREFORE, THE PARTIES HEREBY AGREE AS UNDER:

PURPOSE AND OBJECTIVES

IIST INDORE desires to create an example for its University by offering the best for its students so as to enable them to lead lives with purpose and help the society at large. IIST INDORE has represented that it is a leading institute that offers high quality education and its priority is to provide its students values, inner development so as to perform better in studies & be leaders in nation building. It seeks to provide basic life skills to manage challenges in relationship, avoid intoxicating abuses, digital addiction and dealing with stress of modern life. It aims to enable it's students and staff to de-stress, manage life's challenges in healthy ways and find joy, purpose and fulfillment. This will directly enhance their academic and work performance and create a harmonious environment within the institute.

HET has agreed to be helpful in such mission through its offerings and in addition to the above, conduct a thorough teacher and administrative staff training program in "Heartfulness" approach for their inner development so as to enable them to encourage students in this program.

Both the Parties, by executing this MOU express their commitment to collaborate with each other to conduct Educational, Relaxation, Meditation and other connected Wellness workshops which will help students, teachers in regulation of mind, moderation of tendencies, concentration, sharpening the use of will, self-analysis and acceptance of people and situations. In terms of skills and competencies, it will help the students to have improved learning skills, improved behaviour, humility, emotional maturity, and confidence, stress management, self-awareness and most importantly, develop purpose towards life.

FACILITATORS

Both the Parties shall nominate one or more representatives, who shall be the point of contact/ facilitator for the purposes of this MOU. The facilitators of both the Parties shall maintain regular contact with the other Party as well as propose and review the response received for the workshops and other activities in furtherance of objectives of the purpose and objectives envisaged under this MOU.

TERM

This MOU has been executed for the purpose of organizing workshops/ seminars/ training sessions at the premises of IIST INDORE or such other premises as may be mutually agreed upon and shall remain in force for a period of **THREE YEAR**, commencing from the date of execution. This MOU shall terminate after completion of the term of three year, without any financial obligations of Parties, except for pending reimbursements and costs as provided herein. Both the Parties may execute similar agreements for similar initiatives in future or even extend the term of this MOU for such further periods. Either party can voluntarily terminate this MOU by giving 3 months' notice in writing to the other.

It is agreed that IIST INDORE shall not copy or infringe upon the initiatives or programmes of HET in terms of its program offerings, videos, materials in any of their other individual initiatives and all copyrights shall vest with HET.

ASSIGNMENT

This MOU is personal to the Parties and the rights and obligations established herein shall not be assignable by the Parties, except to the extent expressly permitted under this MOU or with the prior written consent of the other party.

INDEMNITY

Except for cost reimbursements, the Services offered by HET are on a mutual basis and free of cost. Only willing participants for their own wellbeing / self-development are required to participate. IIST INDORE may for development of its students make the HET Programmes/Modules as part of its curriculum. The Parties therefore, agree that such services do not give rise to any kind of damage or liability to anybody who participates and therefore no damage can arise therefrom. No indemnity is therefore provided herein. It is clearly understood that HET programs do not guarantee success of its objectives or initiatives mentioned in the Article above.

GOVERNING LAW, JURISDICTION & ARBITRATION

This MOU shall be construed, interpreted and enforced in accordance with Laws of India. In case of any differences, both the parties, shall make all efforts to settle the disputes amicably through mutual discussion and negotiation, failing which, dispute(s) shall be referred to a sole Arbitrator appointed by both the Parties, as per provisions of Arbitration and Conciliation Act, 1996. Language of Arbitration shall be English and place of Arbitration shall be Vijayawada, Andhra Pradesh. Subject to the Arbitration Clause, the Courts of competent jurisdiction at Vijayawada shall have exclusive jurisdiction in respect of any and all matters pertaining to this MOU.

MISCELLANEOUS

- i) This MOU can only be amended in writing by mutual consent of both the Parties. No modification or amendment to this MOU and no waiver of any of the terms or conditions hereof shall be valid or binding unless made in writing and duly associated by or on behalf of both the Parties.
- ii) This MOU may be executed in counterparts including but not limited to MOUs, communications exchanged defining responsibilities, obligations of both the Parties for different programs, initiatives etc. under this MOU, each of which shall be deemed to be an original, and all of which, taken together, shall constitute an integral part of this MOU.
- iii) If any provision of this MOU shall be invalid, illegal or otherwise unenforceable, the validity, legality and enforceability of the remaining provisions shall in no way be affected or impaired thereby.
- iv) The captions of the clauses of this MOU are for convenience of reference only and in no way define, limit or affect the scope or substance of any clause of this MOU.
- v) The arrangement contemplated herein being in nature of cooperative strategic alliance for general well-being, no monetary consideration is involved.
- vi) None of the provisions of this agreement as stated above shall be deemed to constitute a partnership between HET and IST INDORE and no party shall have any authority to bind or shall be deemed to be the agent of the other in any way; it is on principle-to-principle basis.
- vii) Neither party shall exercise any rights in the trademarks, copyright or other intellectual property of the other party, except as expressly stipulated herein.
- viii) All intellectual property rights (IPR) in "Heartfulness", The "Heartfulness" technique of Relaxation/ its connected procedures, "Heartfulness" Relaxation, Heartfulness Cleaning and other Trademarks of HET or of those of its associates used by HET under license shall always vest with HET or its associates and it reserves the right to use the same internally or externally at its sole discretion. IST INDORE shall not have any rights over the program content/module usage which may be exploited by IST INDORE only with the prior written permission of HET and in coordination and assistance of HET authorized representatives who are experts in this area. If the version of "Heartfulness" Relaxation/ its connected procedures, "Heartfulness Meditation" is modified or improved, HET may implement such changed versions of wellness techniques anytime during the term of this MOU.

INTRODUCTION

National Service Scheme (NSS) was introduced in 1969 with the primary objective of developing the personality and character of the youth through voluntary community service. 'Education through Service' is the main purpose of NSS. The ideological orientation of the NSS is inspired by the ideals of Mahatma Gandhi.

The program aims to instill the idea of social welfare in students and to provide service to society without any bias. An NSS volunteer places the 'community' before 'self'. NSS attempts to establish meaningful linkages between 'Campus and Community', 'College and Village' and 'Knowledge and Action'. The volunteers work to ensure that everyone who is needy gets help to enhance their standard of living and lead a life of dignity.

Objectives behind the NSS:

- To enable the students to understand the community in which they work.
- To understand themselves in relation to their community.
- To identify the needs and problems in the community in the solution of which they can be involved.
- To develop among themselves a sense of social and civic responsibility.

The motto of the National Service Scheme is:

'NOT ME, BUT YOU'

This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person's point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society as a whole.

Day 5: 26/03/2023, Sunday

Day 5 began with the morning routine activities like Prabhat Pheri and also had the surprise visit from our honorable DG sir early in the morning.

We also hosted Shri Ghanshyam Joshi (Gram panchayat member), Shri Ashok Choudhary (National level powerlifter), Zila (district) Panchayat members Shri Nayan Joshi ji and Shri Gajendra Dubey. During their visit to our camp we had a discussion with them about problems of village.

The volunteers conducted a rally in the village, with sloganning on topics like Beti Bachao-Beti Padhao, Plastic free environment, and tree plantation. A poster making competition was also organized for the same.

We also got a visit from Lokendra Singh Yadav, Dal-Nayak and Sumit Tiwari, from NSS unit, Govt. College of Rau. They shared their experiences with the volunteers and also told us about how NSS impacts your life, in great depth. We also played games like Rupal Jhapatta and Kitne bhai kitne with them.

Baudhik Lecture :

DG sir shared his thoughts about various topics, ranging from what is thought, Dhayana, Ashtanga yoga, Intellectual Spirituality, importance of dialogue between children and parents, importance of Guru, God and faith, importance of heartfulness meditation etc.

Day 6: 27/03/2023, Monday

Day 6 began with the morning routine activities like Prabhat Fehri, jogging, exercises, Surya Namaskar. The volunteers conducted a survey on formal education and employment in the village. About 36 volunteers were divided into teams of 4, to cover more ground

We also hosted people from Heartfulness Meditation, which came for a three day heartfulness program, as invited by our DG sir. The program involved three sessions on three consecutive days. In the first day, they told us about heartfulness and its importance. They also taught us some simple relaxation techniques.

Some volunteers also took to teach the students of govt. school. Also, the mid-day meal or lunch was prepared and served by the volunteers. In the revaluation meeting, it was decided to continue the survey for another day, as not all houses of the village had been covered. Teaching of students by volunteers was also decided to be extended.

Baudhik Lecture :

The guest speaker of the lecture was honorable Dr. P. Harekrishna, Program officer, Medicaps university along with Anurag Padiyar, Dal Nayak, NSS Medicaps university. Dr. Hari Krishna sir enlightened us in detail about NSS, role of discipline in student life. Sir also told us about the different types of certificates and camps under NSS. Both Dr. Hari Krishna sir and Anurag sir shared their experiences with NSS, particularly about their unit, NSS Medicaps and its functions

On
"DATA SCIENCE USING SPSS SOFTWARE"

Under the SIG

Computational Numerical Statistics

From 2nd January 2023

ABOUT THE TRAINING PROGRAMME

This course aims to equip learners with ability of independently carrying out in-depth data analysis with professional confidence and accuracy. It will specifically help those looking to derive business insights, understand consumer behaviour, develop objective plans for new ventures, brand study, or write a scholarly articles in high impact journals and develop high quality thesis/project work.

A good knowledge of quantitative data analysis is a sine qua none for progress in academic and corporate world. Keeping this in mind this course has been designed in such way that students, researchers, teachers and corporate professionals who want to equip themselves with sound skills of data analysis and wish to progress with this skill can learn it in in-depth and interesting manner using IBM SPSS Statistics.

The focus of current training program will be to help participants learn statistical skills through exploring SPSS and its different options. The focus will be to develop practical skills of analyzing data, developing an independent capacity to accurately decide what statistical tests will be appropriate with a particular kind of research objective. The program will also cover how to write the obtained output from SPSS in APA format.

The training on "Application of Data science for chemical Engineers through SPSS software" will give exposure of SPSS software to 4thyr students under the SIG named Computational Numerical Statistics. It will give expertise on process simulators used in Chemical industries which covers wide spectrum of industries like Oil & Gas Production, Chemical, Nuclear Fuel Processing, Petroleum Refining, Gas Supply, Electricity Generation, Steel, Water & Sewerage, Food & Dairy Industry. The training focuses on more practical industrial problems based on Heat Transfer, Fluid Mechanics, Chemical Engineering Thermodynamics, Mass Transfer and Chemical Reaction Engineering.

Indore Institute of Science and Technology, Indore (IIST), Indore Institute of Science & Technology (IIST) established in the year 2003, is amongst the Top 5 Engineering Colleges of Indore. The Institute is approved by AICTE, New Delhi and affiliated to RGPV Bhopal offering Bachelor's and Master's Degree in Engineering. At IIST, we are committed to enhance the employability Quotient of the Students along with Holistic Development. Institute has tie-up with premier IITs (Delhi & Bombay) for Academic Excellence.

areas of Virtual Labs, e-Yantra, etc. We have well-qualified faculty team, mostly with Ph.D degree in the latest technological domains. Our Technology enabled Flipped Classroom pedagogy enhances the student engagement in the classroom and make them focused on the practical aspects of the subject. The Institute has created, dedicated Special Interest Groups (SIGs) to enable the faculty and staff to work on the latest technologies in the newly established State of the art Lab Infrastructure for Internet of Things (IoT), Apple iOS application development, Cloud Computing, Data Analytics, Artificial Intelligence, Robotics, Aero Modelling, Waste Water Treatment, Water Harvesting, etc.

Learning objectives of Training Programme

- To independently analyze and treat data, plan and carry out new research work based on your research interest
- To equip themselves with sound skills of data analysis
- To knowledge of quantitative data analysis is a sine qua non for progress in academic and corporate world

Outcomes of Training Programme:

- Analyse any type of numerical data using SPSS with confidence
- Independently plan your research study from scratch.
- Understand the research design and results presented in high quality journal articles
- Do data analysis accurately and present the results in standard format.

COURSE CONTENT FOR SPSS

Introduction

- Introduction to SPSS
- Data analysis with SPSS: general aspects, workflow, critical issues
- SPSS: general description, functions, menus, commands
- SPSS file management
- A brief theoretical recap of the statistical analysis tools and techniques

Input and data cleaning

- Defining variables
- Manual input of data
- Automated input of data and file import
- Data cleaning

Data manipulation

- Data Transformations
- Data file management
- Syntax files and scripts
- Output management

Indore Institute of Science & Technology, Indore

Department of Chemical Engineering

Event Summary

Department of Chemical Engineering of IIST Indore has successfully organized the certification course on the applications of data Science for chemical engineers through SPSS. Students have learnt about the coding performed through the software SPSS that are learnt in the Petrochemical industries as well as in Chemical Industry. A total of around 30-35 students were indulged in the certification. Ms. Palak Shah have evidently shared their experiences with the students and taught them how to solve the chemical engineering problems using SPSS software and get the appropriate results.

Event Summary

Department of Mechanical Engineering has organised a 5 day Internship on Advanced Excel for the third and Final year students of Mechanical Engineering.

The Resource Person was Mr. Dilip Sahu from Robotronix Indore.

During the 5 days the students were taught various topics starting from Basics of Excel and ending at Advance Excel.

Following topics were covered during the internship:

EXCEL BASICS

Excel Introduction

Customizing the Excel

Using Basic Functions

● Formatting & Proofing

Mathematical Functions

Protecting Excel Paste Functions

Date & Time

Advanced Paste Special Function

Sorting & Filtering

Printing Workbook

ADVANCED EXCEL

What If Analysis

Logical Functions

Data Validation

Lookup Functions

● Pivot Table

Chart & Slicer

Excel Dashboard

After each session there were Query solving sessions in which all the queries were solved by Mr. Dilip Sahu. The students learned Excel in a very easy and understandable manner. last day the vote of thanks was given by Faculty Coordinator.

Indore.

Subject: Permission for: "2 WEEK HANDS ON TRAINING ON DATA ANALYTICS IN R"

Respected sir,

We would like to conduct a 2 WEEK HANDS ON TRAINING ON DATA ANALYTICS IN R from 12/12/2022-23/12/2022. There will be 85 Students from Final year Mechanical Engineering. The students will be going to IIMR Indore. This Training is aimed to enhance their knowledge and learn about the latest technology used.

Kindly permit us for the same.

Thanking You.

OBJECTIVES & OUTCOMES

Objective:

The objective of this module to make students exercise the fundamentals of statistical analysis in R environment. They would be able to analysis data for the purpose of exploration using Descriptive and Inferential Statistics. Students will understand Probability and Sampling Distributions and learn the creative application of Linear Regression in multivariate context for predictive purpose.

Outcome:

After the successful completion of this module, students will be able to:

- Install, Code and Use R Programming Language in R Studio IDE to perform basic tasks on Vectors, Matrices and Data frames.
- Describe key terminologies, concepts and techniques employed in Statistical Analysis.
- Define, Calculate, Implement Probability and Probability Distributions to solve a wide variety of problems.
- Conduct and Interpret a variety of Hypothesis Tests to aid Decision Making.
- Understand, Analyse, Interpret Correlation and Regression to analyse the underlying relationships between different variables

RESOURCE PERSON PROFILE

Dr. Reshu Agarwal is an Associate Professor at IIMR. She has 18 years of rich experience in statistics and data science. Before joining IIMR, she was a faculty member in the School of Data Science and Forecasting (Devi Ahilya Vishwavidyalaya - DAVV, Indore), Department of Mathematics and Statistics (Acadia University, Nova Scotia, Canada) and Forestry and Ecology Division (Indian Institute of Remote Sensing - IIRS, Dehradun). Dr. Reshu is a former ISRO scientist and MPhil topper. Her PhD is based on statistical modelling using satellite data. She also held two postdoctoral fellowships in her credit (University of Iowa, USA and GGSIP university, Delhi). She is a winner of two best paper awards and published 27 research papers in peer reviewed national and international journals, conference proceedings, technical reports, and book chapters.

SUMMARY:

The session began with words of enlightenment by Honorable DGT sir, who briefed the students about the trends of cybercrimes and the need of the cyber security field. After the briefing, session was begun with the statistics of cybercrimes over the world as well as live cybercrime tracking. Further, demonstrate some coded threats or malware in the students' devices. Next day session focused on the fundamentals of batch programming and demonstrated how to write simple batch programs as well malware using batch programming. Third day of the training, crime environment i.e. download and configuration of kali linux was discussed. With this, overview of shell programming and how to write shell program was discussed. Next day, various malware implemented in shell programming was demonstrated. With this, how to hack windows system using meterpreter and web server exploitation also demonstrated. Last day of training, feedback from the student was taken using Google form followed by multiple choices as well as descriptive examination was conducted. The last session of training ended with the vote of thanks by students.

Learn and Win - 2023 Cloud Computing - In its Simple Version

Speaker: Dr. Dheeraj Rane

TOPIC	SUBTOPIC	Description	Time in minutes
Cloud - A Perspective	<ol style="list-style-type: none"> 1. Scenario and story telling about the need and analogy of cloud computing 2. Few examples of the apps those students are using 3. Why the name cloud is given 	<p>Students will feel connected with the examples of the apps those students are using on day-to-day basis.</p> <p>Use of animation to make them understand the analogy with cloud computing.</p>	10
Pre-requisites	<ol style="list-style-type: none"> 1. Static/dynamic/public/private IP addressing 2. Brief about working of Internet 3. Introduction to virtualisation 	Pre-requisites will help them lay down strong foundation for the session.	10
Introduction to Cloud Computing	<ol style="list-style-type: none"> 1. Definition 2. Service Models 3. Deployment Models 	<p>NIST definition of cloud computing.</p> <p>Service models (IaaS, PaaS, SaaS)</p> <p>Deployment models (Public, Private, Hybrid)</p>	20
History of Cloud Computing	<ol style="list-style-type: none"> 1. Timeline consisting various technologies that leads to the inception of Cloud computing 2. Correlation/differences with peer technologies 	<p>A glimpse of Grid computing, Utility computing, Cluster computing, Distributed computing, to help them correlate with other keywords.</p> <p>Animation will be used to show the inception.</p>	10
Deciding factors - Internet or Cloud?	<ol style="list-style-type: none"> 1. Deciding factor based on which difference between the two can be identified. 	Real life examples will be taken to make them understand the difference between anything that is on Internet or on Cloud.	05
Buzzwords in computing utilizing Cloud in its deployment and various case studies.	<ol style="list-style-type: none"> 1. Chat GPT 2. Data science/Big Data 3. Blockchain 4. Machine learning 5. IoT 6. Robotics 7. AR/VR 8. Gaming 	One slide for each, showing the case study	30
Certifications in cloud computing and opportunities	<ol style="list-style-type: none"> 1. AWS 2. Azure 3. Google Cloud 	Brief about the certifications that can be achieved in cloud computing	10

AWS academy @ IIST and its statistics	1. Brief about AWS academy at IIST Indore	Number of students trained and the benefits drawn from it. Approach followed for various levels of certification Example of Anushka Dwivedi.	05
Cloud based portals for increasing productivity of students	1. Various cloud-based portals that would help them in their 4 years of studies.	This is somewhat the students will find interesting as linked to their upcoming journey.	05
Way forward	1. Brief about Fog and Edge computing 2. Future prospects with reference to cloud, big data & data Analytics, human machine interface, connectivity, shared mobile, Internet of Things)	This will give them a broader perspective of related technologies.	15

Objective:

- To Create Solutions in Incident Handling
- Implement Cybersecurity Best Practices and Risk Management
- Identify and Implement Legal Ramifications
- Integrate Network Monitoring and Present Real-Time Solutions
- Understand Software Design and Secure Practices
- Impact Cybersecurity Risk in an Ethical, Social, and Professional Manner

Outcomes:

- Analyze and resolve security issues in networks and computer systems to secure an IT infrastructure.
- Design, develop, test and evaluate secure software.
- Develop policies and procedures to manage enterprise security risks.
- Evaluate and communicate the human role in security systems with an emphasis on ethics, social engineering vulnerabilities and training.
- Interpret and forensically investigate security incidents.

SUMMARY REPORT

on

अभिज्ञता पर्व 18th October.

AT INDORE INSTITUTE OF SCIENCE AND TECHNOLOGY, INDORE

INTRODUCTION

At IIST, for the students of 1 year Engineering expert Lecture was conducted on 17th October.

The aim of the programme was to ensure that every student feels himself occupied, involved and excited to begin this new vital stage in their education. The idea was to act as an icebreaker & make the students aware of their future prospects. Main aim was to motivate them spread a feeling of well being by assuring them that their success not just lie in being an engineer but a good human being too. The Lecture was planned in the Audi-I & II.

SALIENT POINTS,

Session was taken up by MS office session by Mr.Rahul Bhargav Founder & Director RDot Ventures focusing on certification courses conducted by Microsoft, was welcomed by Hon.DG sir.The Chief Guest addressed the student on Knowledge Skills & Attitude.

The respective Deans, HODs, Faculties of first year were present in the session along with the students.

CONCLUSION:

Overall Expert Lecture was conducted successfully and IIST was highly honored to have such reverential guest to guide students, where we focus on Enhancing employability quotient with Holistic development and quality assurance is our top priority and mentoring students. Words of gratitude were given by Principal IIST, Dr.Keshav Patidar

Summary:

Computer Science and Engineering department organized Expert training on "Sneak Peek into real world software engineering". The Training has been taken by Mr. Kaivalya Apte. He gave training on application of Software Engineering in real world industry from scratch and he explains so many important concepts of different models, testing techniques. The new technologies are very demanding and have a great potential to accelerate the career of students. The main purpose of this training was to enable students to get detailed insights of industry and role of software engineering. This Training was very beneficial for students looking towards the industry point of view and to make decision about their career prospect in different role model. So that we cover the main tagline of our institute that is employability quotient and holistic development of students this kind of training proves that we work for the development of students to make industry ready.
