## About IIST

Indore Institute of Science & Technology (IIST) established in the year 2005, is amongst the Top 5 Engineering Colleges of Indore. The Institute is approved by AICTE, New Delhi and affiliated to RGPV Bhopal offering Bachelor's degree in CS, IT, EC, Civil, Chemical and Mechanical Engineering and Master's Degree in CS, Machine Design and Digital Communication. At IIST, we are committed to enhance the employability Quotient of the Students along with Holistic Development. Towards this we have dedicated Special Interest Groups (SIGs) on emerging areas like Data Analytics, Cloud Computing, Artificial Intelligence, Internet of Things (IoT), Robotics, Mechatronics, Additive Manufacturing, Renewable Energy, Sustainable Development, etc. These SIGs focus on the Capacity building of the faculty and students and enable them to take up the activities related to training, research and development on the emerging fields. IIST is also associated with IITs like IIT Bombay for e-Yantra Robotics Lab, Spoken Tutorial and IIT Delhi for Virtual Lab and also have good Industry-Academia tie ups like the AWS Academy, Red Hat Academy, Microsoft Imagine Academy, Face book Developer Circles, Google Developer Student Clubs, MSME, etc. to bridge the gap between the requirements of the Industry and the curriculum through International/ National Certificate courses.

## Introduction

To grow and develop for any institute, it should have a development planning system in place. Development planning is an organization's process of defining its strategy, or direction, and making decisions on allocating its resources to pursue this strategy. It may also extend to control mechanisms for guiding the implementation of the strategy.

The long term plans have been laid down in the strategic plan in consultation with Department committees, joint workshops of senior professors for strategy formulation. Indore Institute of Science and Technology College will sustain its excellence and distinctiveness by following a strategic plan that is built upon five sub areas namely

- Academic area
- Administrative & Infrastructural Improvement
- Student Connect Initiative
- Student Support System
- Development of Eco-system
- Extracurricular activities
- Teaching/ Non-teaching staff empowerment
- Initiation of environment consciousness programs and society contribution

IIST have formulated a comprehensive and progressive 5 years strategic plan in tune with its vision and mission, to provide quality education and commitment towards enhancement of employability Quotient of the students along with Holistic Development. In December 2017 new management takeover the institute with 5 year plan (Vision-2023). To develop complete 5- years plan for the institute various stake holders were involved for designing, development and deployment with filling gap between past and future.

## VISION- 2023

Main Objective of Vision 2023 will be enhancing the employability Quotient of the students with Holistic Development.

2. To create a hassle-free communication link between students and management.
3. To strengthen the student grievance redressal mechanism.
4. Initiated feedback system from students on various aspects.

### IV. Student Support System

1. Formation of Career Development Cell to develop the soft-skills, Aptitude, Attitude among the students and also guide for career.
2. Reorganisation of Placement Cell.
3. Student profiling and early SWOT Analysis to facilitate clarity to the students for aiming companies and profiles.
4. Utilization of CSR funds for meritorious students belonging to Economic Weaker Groups.
5. Establishment of different labs inclined towards current industry needs for practical exposure to the students.
6. MOU & Association with National level institutions and industries.
7. Merit based scholarship structure to academically encourage students.
8. Development of syndicate system.

### V. Development of Eco-system

1. Establishment of Incubation cell.
2. Establishment of Innovation cell and register on some government portal.
3. Participation in national level technical events or competitions.

### VI. Extracurricular activities

1. Conduct Guest Lectures with Intellectual minds and Giants of Government Services, Corporate and Society, for students to learn from them.
2. Formation of various clubs as per the interest of students to provide a free platform to bring out their hidden talents.
3. Encouragement of sports through various in house tournaments.
4. Guided Motivation and preparation for students to participate in various national and international events and competition.

## REPORT 2022-23

This report celebrates the achievements and improvements made during the 2022-2023 academic year. Emerging from the challenges of the pandemic, our dedicated faculty and staff strived to bring academic excellence, administrative efficiency, and a vibrant student life back to campus. These efforts align with the goals outlined in our strategic plan, "Vision-2023."

A brief summary of the 8 major areas is as under for the Academic year 2022-23

- **Academic Highlights:**
  - **Resumed In-Person Learning:** All classes returned to an offline format, providing students with a valuable classroom experience.
  - **Enhanced Learning Methods:** The flipped classroom pedagogy using Google Classroom continued to engage students.
  - **Strengthened Collaborations:** Special Interest Groups (SIGs) were reviewed for effectiveness and 37 activities conducted under different SIG's, and three new Memoranda of Understanding (MoUs) were established, bringing the total to 32.
  
- **Expanded Skill Development:**
  - Introduced a new CSE program (combining IoT, Cyber Security, and Block Chain Technology) approved by AICTE.
  - Implemented one additional cloud-based training platform, offering students a total of five options.
  - Partnered with the National Digital Library of India (NDLI) to enhance the e-library system.
  
- **Modernized Infrastructure:**
  - Upgraded IT facilities with the purchase of 495 new computers.
  - Successfully implemented a paperless admissions process using a CRM system from No paper form and Master Soft Pvt. Ltd.
  - Strengthened digital payment gateways.
  - Increased online presence with a strong focus on digital marketing platforms, resulting in improved institutional reviews and ratings.
  
- **Administrative Enhancements:**
  - **Improved Security:** A contract with a security agency protects the institute.
  - **Enhanced Facilities:**
    - Canteen upgrades were completed.
    - A new Memorandum of Understanding ensures strict quality standards.
  - New Standard Operating Procedures (SOPs) for purchasing and maintaining equipment were implemented.

- **Strengthened Student Support:**
  - Student engagement thrived through WhatsApp groups, a robust grievance redressal system, and online and in-house feedback systems.
  - The Career Development Cell successfully conducted 12 events.
  - CSR funds were effectively generated and utilized.
  - A successful merit-based scholarship structure was implemented, with a new policy in development for the 2023-2024 academic year.
  
- **Cultivating a Thriving Ecosystem:**
  - Innovation and Recognition: The institute received a Letter of Appreciation from MIC HC. Six student teams were selected for the SIH final software edition, with two teams winning first place.
  
- **Vibrant Student Life:**
  - Eighteen guest lectures were conducted.
  - Nineteen clubs organized thirty-six activities.
  - Eight sports activities and fourteen well-attended student events enriched the campus life.
  
- **Investing in Our People:**
  - **Employee Well-being:** An employee-friendly policy and initiatives for teaching and non-teaching staff empowerment encouraged faculty to pursue higher studies, attend conferences/seminars, and participate in certificate programs.
  - Staff continued to benefit from subsidized canteen and transportation facilities, interest-free loans, and financial advances.
  
- **Environmental Responsibility:**
  - A commitment to environmental consciousness led to various awareness and conservation activities. Save Soil Movement awareness program was implemented.
  - The NSS Unit conducted 22 activities.
  
- **Supporting Documentation:**  
Supporting documents and reports from department heads and coordinators are attached for reference.

**About :**

Community Leader of Google Cloud Developer Community, Indore and Google Developers Group, Indore.

There is something special when career and passion comes together.

Yes! It leads to creativity. Let's start with a small glimpse to my career history. I have completed my engineering with honors in computer science and engineering branch in Acropolis institute of Technology & Research.

A student with an unprofessional life was my real attitude towards theme to live until I got to know my passion,

When I realised I can't go back and change the beginning but can definitely start where I am and change the ending. A passion in one hand and spirit to work in another I marched forward with my selection to a first company Systango (Where I had my best time).

DATE:24/02/2022

### Notice

All Students of IIST/B.Tech. are hereby informed that department of CSE is organizing an 24 Hrs. internal Hackathon for the problem statements for **Rural Development and Educational Development** on 3<sup>rd</sup> & 4<sup>th</sup> March 2023 at college campus. Link for registration and related information will be floated on your WhatsApp groups.

All students are requested to take benefit of same.

Dr. Margi Patel  
Coordinator

Principal

Indore Institute of Science  
and Technology, Indore.

## Objectives of Hackathon:

- 1) Promote creativity and team working - Students will get the opportunity to utilize a hackathon as a platform to develop their creativity and teamwork, two abilities that are essential for future learning and career development.
- 2) Educate students developmental skills- By equipping students with development skills, more opportunities will open up for them in the future.
- 3) Developing culture encourages people to think out of the box. Students put themselves to the test by coming up with something original and owning it. These are significant experiences.

## Outcomes :

Students would have hands-on experience with engineering practices.

Students would get better understanding of the steps to construct a product from idea generation, development, technical details to final design.

Students would also learn how to collaborate across teams.

## Summary:

The 24 Hrs. Internal Hackathon was held on March 03 & 04 at IIST campus organized by CSE department. The event provided a unique opportunity that enabled participants to provide solutions of the rural and academic problems of citizens and academicians to learn about and to participate in co-creation processes. The Internal hackathon was organized as a 24-hour event dedicated to teams working and using their skills in conceptualizing the development of new services, visualizations or applications. The Hackathon was fuelled by IIST, and the CSE department and was organized under the themes: Rural development and Academic development. At the end of the 24 hours, all the teams presented their prototypes and solutions to the panel of judges.

## Letter of Appreciation

To,  
The Principal,  
*Indore Institute of Science and Technology, Madhya Pradesh.*

This letter expresses our sincere appreciation for the involvement of your college *Indore Institute of Science and Technology, Madhya Pradesh* in the e-Yantra Lab Setup Initiative. It has been a pleasure being associated with your college and seeing the impact this initiative has had on your college, teachers and students.

On behalf of e-Yantra, we would like to express our heartfelt appreciation to your institution for your outstanding participation in the e-Yantra Lab activities and submitting a Poster regarding the same for *e-Yantra Symposium 2023*. Your college's teachers as well as student's dedication and hard work have led to your selection as one of the *top 3 best presentations* of your college's e-Yantra Lab activities in *e-Yantra Symposium 2023*.

We believe that your institution's participation in the e-Yantra Lab activities will serve as a benchmark for other colleges and inspire them to participate in this nation building initiative. We hope that your college's teachers and students will continue to display the same level of dedication and passion in future.

Once again, congratulations on your remarkable achievement, and we look forward to continuing to work together to inspire and empower the next generation of innovators.

Name of the Event: Introduction to Tech clubs of IIST  
Organizing department : CSE  
Session: July to Dec 2022  
Date of Event: 2 September 2022

## SUMMARY:

The session began with words of enlightenment by Hon.DG sir. DG sir briefed the students about the importance of technologies specifically about how learning to code can help them make a good career for themselves.

The program proceeded further with the introduction to different tech clubs of IIST. Firstly the audience was introduced to the GDSC club and its team followed by the CODECHEF IIST chapter in which PUNEET DIWEDI (cp lead) conducted a wonderful session on the importance of competitive programming and logic building. He also made the session quite interactive by explaining some concepts in an easy manner.

After CODECHEF the audience was introduced to GFG and Algozenith.

After the introduction to the tech clubs, the speaker session began and this time we had none other than ANURAG MIISHRA sir as our guest speaker.

Anurag SIR's session was the most interactive one as the complete audience got indulged in it and sir too left no stone unturned in motivating the audience. He also guided the audience by sharing his experience of what all he had learned in his 3 years of engineering degree and the activity in which he asked the students to anonymously write their doubts and interests on a piece of paper proved to be a cherry on the cake.

The session ended on a good note and with a vote of thanks by SARIKA mam.

### Check Brackets II:

Only Difference between Check Brackets I and II, is to print the number of minimum reversals to make the string balanced.

Given a string  $s$  containing just the characters '(', ')', print the minimum number of reversals that need to be done, to make the string balanced, or print '-1' if the string cannot be made balanced. A reversal is defined as converting an opening bracket to a closing bracket or vice versa. For Example: converting '(' to ')' counts as one reversal.

Input Format:

- The first line of input will contain a single integer  $T$ , denoting the number of test cases.
- Each test case consists of multiple lines of input.
- The first line of each test case contains a string of brackets only '()'

Output Format:

For each test case, output on a new line the minimum number of such reversals required.

## SUMMARY:

### Introduction:

The Google Developer Student Club (GDSC) IIST organized an event on May 24, 2023, titled "Introduction to Git and GitHub." The event aimed to provide students from all branches of CS and IT, including AI/ML and EC, with a comprehensive understanding of Git and GitHub, essential tools for version control and collaborative development. The event was organized under the guidance and mentoring of Sarika Purohit, the GDSC IIST Lead, and with the support of Mr. Pritesh Saklecha, the Faculty Coordinator.

### Agenda:

The event encompassed a comprehensive agenda designed to introduce the participants to the fundamentals of Git and GitHub and equip them with practical knowledge and skills. The agenda included the following topics:

1. Introduction to version control and its importance
2. Understanding Git: Concepts, commands, and workflows
3. Introduction to GitHub: Repository management and collaboration features
4. Hands-on exercises and demonstrations
5. Q&A session and interactive discussions

### Trainers:

The event featured Rishabh Rathore as the primary trainer for the session. Rishabh Rathore, the Technical Lead of GDSC IIST, has extensive experience in utilizing Git and GitHub for collaborative software development. His expertise ensured a comprehensive and informative session for the participants.

### Event Outcome:

The event successfully achieved its objectives by providing participants with a solid foundation in using Git and GitHub for version control and collaborative development. Attendees gained practical knowledge through hands-on exercises and demonstrations. The interactive Q&A session facilitated a deeper understanding of the topics covered.

## Introduction

The Indore Institute of Science and Technology has decided to introduce a reward cum scholarship system for students showing a high level of Merit during their academic program. It is aimed at bringing in an academic rigor among students and keeps them focused on their academic track as well as in sports. This policy document details the various Merit Scholarships that will be bestowed upon the students and the framework to implement and disburse the Scholarship. There will be three types of rewards cum scholarship for the students:

1. IIST Merit Scholarship
2. IIST Sport Scholarship

## 1. IIST Merit Scholarships

This Scholarship consists of two categories.

**First category:** - The Institute offers scholarships to the meritorious candidates based on her/his academic performance in examinations prescribed by the DTE, viz 10+2 or Graduation, Rank/Score in All India/State Level Entrance/ Aptitude Test.

**Procedure for Grant of Scholarship:** - The scholarships will be automatically granted on admission based on academic performance in examinations prescribed by the DTE, viz 10+2 or Graduation, Rank/Score in All India/State Level Entrance/ Aptitude Test.

**Second category:** - This consists of the Scholarships that will be given to students who are overall tops of their branch in one complete academic year. At the end of each academic year, a merit list consisting of the first, second and third rank in each program will be prepared on the basis of CGPA for consideration for merit scholarships. The program toppers during an academic year will be given a medal and a certificate.

**Scholarship Award Committee** The Scholarship Award Committee shall be constituted by the Group Advisor. The Composition of Scholarship Award Committee will be as under:

- Head of the Institute
- Head of the Department or Nominee by Head of Department
- Dy. Register, Student Section
- Finance Officer or Chief Finance officer

The recommendations of the Scholarship Award Committee will be placed before the Group Advisor for approval and sanction. The grant/renewal of the Scholarship or decisions to revoke scholarships will be communicated by the Dy. Registrar to the concerned Head of Department, the student, and the Finance officer.

## 2. IIST Sports Scholarships

Institute believes that a successful student must be an all-rounder, and to keep true to our belief, we ensure the students have enough opportunities to showcase their talent both at inter and Intra Institute level. Sport brings various cultures together and bridge gap between students and genders Institute promote excellence in sports activity conducted at various levels in the form of sport scholarship. The Institute has a rich tradition of excelling in sports.

The scholarship for achievements in the field of sports will be awarded as per the following criteria.

Year	Timing	Category	Criteria	Scholarship
1st Year	Admission	Participation in Class XII	State	3000/-
			National	5000/-
2nd, 3rd and 4th Year	Later	Participation in 2 <sup>nd</sup> , 3 <sup>rd</sup> and 4 <sup>th</sup> Year	State	Cash Award
			National	Cash Award

The Institute is situated in the rural region. Most of the students at the Institute desire to get admission but because of the financial issues they could not get it. Institute offers financial aid to needy students who opt for admission to B.E or B. Tech through concession in fee or CSR Fund.

The students who are intending to avail this facility have to submit their application in a prescribed format to the student section. The head of the Institute, based on the applicant's academic performance and the economic background, scrutinizes the application and the same is discussed with Group Advisor. The recommendation of the Group Advisor is forwarded to the GB and receives final approval.

RDC is proud to announce the establishment of its Incubation Cell (CARE) to promote On-Campus Innovations in Engineering and Technology. This center would identify the innovative solutions and nurture them by providing the necessary support to convert the idea into a product/service. The incubation is for a period of 6 months wherein the space and the financial requirements of the innovative idea as approved by the RDC will be taken care of.

In this regard, CARE promotes the idea of "Project to Startup (P2S)". The student projects done in 4th and 5th years of study will be reviewed by the RDC at regular intervals to identify the possibilities of the project becoming a startup or commercial product. The prototype (if developed, if found to be addressing a potential problem faced by the society, would be recommended for incubation.

The Institute has earmarked funds to the tune of Ten lakh Rupees (Rs. 10,00,000/-) for the academic year 2018-19 towards CARE.

We wish the students and faculty mentors to better utilize this opportunity to avail the benefits.

**Project Description:**

- **Objective:** Push the boundaries of neurotechnology through rigorous investigation and innovative development.
- **Focus Areas:**
  1. Refinement of signal acquisition and processing techniques.
  2. Development of novel neurostimulation methodologies.
  3. Implementation of sophisticated machine learning algorithms for real-time data interpretation.
- **Approach:** Meticulous exploration of neurophysiological intricacies.
- **Methodology:** Integration of state-of-the-art hardware and software components.
- **Expected Outcomes:** Significant advancements in the field with implications for neuroscientific research and practical applications of Brain-Computer Interfaces (BCIs).

**Project Title:** Advancing Brain-Computer Interfaces: A Research and Development Exploration

**Abstract:** The Advancing Brain-Computer Interfaces (BCIs) project proposes a comprehensive research and development initiative focused on deepening our understanding of BCIs and advancing their capabilities. This project aims to propel the evolution of BCIs through rigorous exploration, experimentation, and innovation at the intersection of neuroscience and technology.

**Introduction:**

The field of neurotechnology is on the cusp of a revolution that has the potential to reshape the way we interact with the world and understand the human brain. Brain-Computer Interface (BCI) systems have emerged as a groundbreaking technology that allows for direct communication between the brain and external devices. This abstract delves into the dynamic landscape of BCI systems, their current state, and the boundless possibilities they offer.

BCI systems are designed to bridge the gap between the human brain and technology, opening up new avenues for individuals with disabilities and enhancing human capabilities for those without. These systems utilize a range of techniques, including electroencephalography (EEG), intracortical microelectrode arrays, and functional near-infrared spectroscopy, to record and interpret neural signals. The applications are vast, encompassing medical, communication, entertainment, and even military domains.

In the realm of medicine, BCI systems have already shown immense promise. Paralyzed individuals can regain a degree of control over their environment through neuro-prosthetic devices, enabling them to perform essential tasks and regain independence. Additionally, BCI technology is being explored for the treatment of neurological disorders such as epilepsy and depression, with potential for more precise diagnostics and treatments.

The potential for BCI systems to transform communication is profound. Those with conditions that limit their ability to speak, or move can use BCIs to communicate through text, speech synthesis, or even controlling robotic avatars. Moreover, BCI systems offer the potential for seamless human-computer interaction, making the Internet of Things (IoT) more accessible and efficient.

Entertainment and gaming industries have not been left untouched by the BCI revolution. Gamers can now immerse themselves in virtual worlds, controlling characters and environments with their thoughts. This opens up new dimensions of realism and engagement in the gaming experience. Similarly, the entertainment industry is exploring BCI technology for interactive storytelling, where the audience's reactions and emotions can influence the narrative.

While the potential benefits of BCI systems are numerous, they also raise important ethical and privacy concerns. The ability to read and manipulate brain signals has implications for personal privacy, security, and the potential for misuse. As this technology advances, it becomes crucial to establish robust ethical guidelines and legal frameworks to safeguard individuals and society.

The military and defence sectors are also exploring the applications of BCI technology, such as enhancing the performance of soldiers and enabling direct brain-to-computer communication for mission-critical tasks. This raises concerns about the ethical implications of potentially weaponizing this technology, further underscoring the importance of responsible development and deployment.

One of the most exciting aspects of the BCI revolution is the potential for cognitive enhancement. As our understanding of the brain deepens, BCI systems may offer the ability to augment human cognition, memory, and learning. This could have far-reaching implications for education and workforce productivity.

*Significance of the Study*

This research delivers pivotal contributions to the field:

1. Unveiling the transformative potential of Machine Learning in Brain-Computer Interface (BCI) applications.
2. Demonstrating the myriad advantages that Machine Learning brings to a range of BCI tasks, encompassing motor imagery classification, ERP signal recognition, emotional and mental state detection, and more.

## 6. Conclusion:

The Advancing Brain-Computer Interfaces project aspires to contribute groundbreaking insights and advancements to the field, fostering collaboration among diverse experts to shape the future of neurotechnologies. We seek funding and support to embark on this transformative journey at the nexus of neuroscience and technology.

Subject: Applying for co-working space and Mentor

Respected Sir,

I Am Anurag Mubati of III Year, want to initiate a Research and Development project on the Brain Computer Interface Technology, to make a strong ground on this cutting-edge tech for modern day equipment creation and research advancement. For this R&D project, I needed a team of students and a Mentor to guide us through.

Team Required: Palak Jain  
Adityawardhan Jain  
Krishna Ambekar  
Alisha Joshi, students from II Year  
AIML.

I hope for positive response from your side and kindly help us to bring a Research and Development Based mindset to our fellow mates.

Note: Project proposal and introduction documents are enclosed.

Thanking You!

**Action Taken Report**

**Agenda:** Mentorship and co space requirement of students for project

**Project Title:** Advancing Brain-Computer Interfaces: A Research and Development Exploration

**Action:**

1. A specific area at A block with 5 computers is allotted to students between 3:00 pm to 5:30 pm.
2. Mr. Amit Goud will be the mentor for the same.

Dr. D. V. Singh  
Coordinator CARE

Dr. Keshav Patidar  
Principal IIST

### Status Report

1. Studied approximately 50 research articles in the related domain.
2. Studied different datasets like EEG lab, twoclass motor imagery etc.
3. Studied python libraries like pandas, numpy, matplotlib for data handling.
4. Started working on filtering and cleaning of data.

### Institute Innovation Council (IIC)

IIC established in year 2019-20 in association with **MoE Government of India** (Year 2019-20 onwards). The primary aim of MoE's Innovation Cell (MIC) is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years.

## IIST IIC Letter of Appreciation

### Letter of Appreciation

Dear Sir/Madam,

Please accept our sincere gratitude to all the chief functionaries and every members of the IIC Institution's Innovation Council (IIC) of Indore Institute of Science & Technology for the continuous support and contribution towards building the innovation and entrepreneurship culture development in your campus and also extending support to help other IIC institutions towards growth of the IIC network during the academic year 2022-23

Chief Functionaries of the IIC at Indore Institute of Science & Technology, Indore

Name	Position
Dr. Racha Gupta	President
Ankit Jain	NISP Co-ordinator
Dr. Keshav Pandar	Chairman
Ankit Jain	NIRF Coordinator ARIIA Coordinator
Ms. Megha Birlire	Internship Activity Coordinator
Puneet Duggal	Vice President
Vivek Gupta	Social Media Coordinator
Lokesh Aurangabadkar	IPR Activity Coordinator
Dr. Niraj Soni	Start up Activity Coordinator
Dr. Margi Chhabra	Innovation Activity
Nishant Vijayvargiya	Convener

As we are progressing towards a 'quality' driven I&E ecosystem development, we strongly believe that the IIC model and its unique structure is definitely putting your HEI's thoughts, actions and aspirations in a systematic way to achieve inclusive and holistic development of the ecosystem

Thanks & regards

Yours Sincerely,

Dipan Kumar Saha

**MOU between Shri Ram Chandra Mission-Sahaj Marg-Heartfulness.org, Hyderabad  
and IIST-IIP-IIMR**

*Dear All,*

It is heartening to know that, Shri Ram Chandra Mission - Sahaj Marg-Heartfulness organisation through Heartfulness Educational Trust and IIST-IIP-IIMR (IIST Group of educational Institutes, Indore) has forged an alliance to spread the message of Holistic Development and "To Know thyself & to be thyself" in the education community of all three institutions (i.e., Indore Institute of Science and Technology, Indore Institute of Pharmacy, Indore Institute of Management and Research). The philosophy is also being endorsed by All India Council for Technical Education (AICTE), which has recently had a MOU with Shri Ram Chandra Mission - Sahaj Marg - Heartfulness organisation.

In the presence of Faculty members, Staff, Students of IIST-IIP-IIMR and the followers of Shri Ram Chandra Mission - Sahaj Marg- Heartfulness, the magnificent event took place, wherein the MoU was signed by respected Daaji and Shri Arun S Bhatnagar, Director General IIST-IIP-IIMR with the respective Principals signing as witnesses

This is an achievement for Madhya Pradesh and Indore, that IIST-IIP-IIMR is the only Institute to have an MOU with Shri Ram Chandra Mission - Sahaj Marg - Heartfulness organisation.

This MoU stands as a milestone attained in the process of "Samagra Samutkarsha Yojana".

All the members are requested to be an active part of this MoU and let the benefits be reaped by all stakeholders at the most.
