Expert Lecture:

To encourage the women to be an entrepreneur the department of Engineering Science and Humanities organizes an expert lecture. Overcoming an unconscious gender bias: Unconscious gender bias results in a cursory assessment of an individual and often feeds into decision-making that is unfavorable towards women. An industry survey found that Indian women business owners struggle with less favorable conditions, pronounced cultural biases and a lack of business resources such as finances, capital, training and development. In this lecture, our speaker focused on the possibilities for women in the new era of entrepreneur. She also solved queries many participants who were willing to be a business women in future. The program commences with the welcome of the expert by the coordinator and ended with the vote of thanks by the student coordinator.
