DEPARTMENT OF MECHANICAL ENGINEERING

ACTION TAKEN REPORT BASED ON FEEDBACK 2020-21

Category	Questions	Action Taken by Department
Semester / Course End Feedback including Curriculum Feedback	Proficient in English language in both communicative and technical forms	Increase the session on PDP and Mandatory the project presentation by the students
	Demonstrate the ability to apply advanced technologies to solve contemporary and new problems.	In Coming semester more focus on skill training and also conduct hand-on training in association with MSME
	Assessment and marking have been fair	Due to Covid-19, University not clear the assessment among students but in next academic year no such problems occurs because university having well define and fair assessment process
	Demonstrate the ability to design computer based Mechanical engineering systems	Introduce Coding based activities in mechanical Engineering department I association with CSE or ECE Department.
Program End Survey	Awareness to apply engineering solutions in global, national, and societal contexts	Formal instructions were circulated to all teachers, ensure students to participate in Baha or any national events to solve society problems
	I can design & develop web based solutions to solve problems.	Introduce Coding based activities in mechanical Engineering department I association with CSE or ECE Department.
Alumni Survey	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.	Proposed Ethics as rubrics parameter to evaluate project work
	The Engineer and Society: The contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.	Formal instructions were circulated to all teachers, ensure students to participate in Baha or any national events to solve society problems
	The graduating students from	Due to less demand in industry but in

Indore Institute of Science and Technology

	Mechanical Engineering will have expertise and acumen in core areas like Mechanical design, thermal engineering, materials and manufacturing science to a satisfaction of employers.	upcoming semester increase industrial visit and also bridge the gap between industry and institute.
Academic Feedback	Faculty having less than 75 % feedback	HoD and Principal Counseling the such faculty and give warning if repeated and help or guidance them to prepare lectures
Parents Feedback	Rate Workshops, Seminars, Conferences aided the professional development of student (Your Ward).	In upcoming academic year it is mandatory to conduct atleast 10 academic activities
